

EVALUATION OF PROFESSIONAL AND CERTIFICATED STAFF
(Administrators Both Certificated and Classified)

The Superintendent/designee institutes and maintains a comprehensive program for the evaluation of administrative personnel. Administrative personnel are all persons issued contracts in accordance with the Ohio Revised Code, including the following: assistant superintendents, business managers, principals, assistant principals and all other personnel required to maintain certificates/licenses in order to be employed as pupil-personnel workers and educational administrative specialists (provided that such person spends less than 50% of his/her time teaching or working with students) and any other employee whose duties enable him/her to be considered either a “supervisor” or “management-level employee” excluded from all of the employee bargaining units. In addition, evaluations should assist administrators in developing their professional abilities in order to increase the effectiveness of District management.

The purpose of administrator evaluations is to assess the performance of administrators, to provide information upon which to base employment and personnel decisions and to comply with the requirements of State law. All administrators are evaluated annually. In the year an administrator’s contract does not expire, the evaluation is completed by the end of the contract year, and a copy is given to the administrator. In the year an administrator’s contract does expire, two evaluations are completed, one preliminary and one final. The preliminary evaluation is conducted at least 60 days prior to June 1 and prior to any Board action on the employee’s contract. Evaluations are considered by the Board in determining whether to re-employ administrators.

The final evaluation includes the Superintendent’s intended recommendation for the contract of the employee. A written copy of the final evaluation must be provided to the employee at least five days prior to the Board’s action to renew or nonrenew the employee’s contract. The employee may request a meeting with the Board prior to any Board action on his/her contract. The employee may have a representative of his/her choice at the meeting.

The evaluation measures the administrator’s effectiveness in performing the duties included in his/her written job description and the specific objectives and plans developed in consultation with the Superintendent. The evaluations are conducted annually by the Superintendent/designee.

Evaluation criteria for each position are in written form and are made available to the administrator. The results of the evaluations are kept in personnel records maintained in the central office. The evaluated administrator has the right to attach a memorandum to the written evaluation. Evaluation documents, as well as information relating thereto, are accessible to each evaluatee and/or his/her representative.

Ohio Principal Evaluation System (OPES)

Evaluations carried out under this policy are conducted by persons holding evaluator credentials established by the Ohio Department of Education. Evaluators must complete state-sponsored evaluation training and pass the online credentialing assessment. The Board adopts a list of approved credentialed district evaluators chosen from the Ohio Department of Education's list.

Principals and assistant principals are assigned an effectiveness rating of Accomplished, Skilled, Developing or Ineffective. This rating will be determined based on 50% measures of principal or assistant principal performance and 50% student growth measures. Student academic growth is determined through multiple measures.

Principals and assistant principals are evaluated via two formal observations and periodic building walk-throughs. The 50% principal and assistant principal performance measure is based on the Ohio Standards for Principals. Proficiency on the standards includes consideration of professional goal setting, communication and professionalism, and skills and knowledge.

Student academic growth is evaluated by a combination of: (1) Value-added data; (2) ODE approved assessments and/or (3) Board determined measures. When available, value-added data shall be included in the multiple measures used to evaluate student growth.

The principal's performance rating is combined with the results of student growth measures to produce a summative evaluation rating according to ODE requirements.

The Superintendent/designee evaluates all principals and assistant principals annually. Annual evaluations include two formal observations at least 30 minutes each and periodic building walkthroughs.

The Board allocates financial resources to support professional learning in compliance with State law and the State Board of Education's evaluation framework.
