

BOARD REVIEW OF REGULATIONS

State law requires the Board to make “rules and regulations” for the government of the District, its employees, students and all other persons entering the District’s grounds and premises.

The Board may review regulations developed by the administration to implement policy. The Board revises or nullifies these administrative regulations only when they are inconsistent with policies adopted by the Board or when they are not in the best interest of the District.

Before issuance, Board regulations are properly titled and coded as appropriate to subject and in conformance with the codification system selected by the Board. Those officially approved by the Board are so marked. All others appearing in the manual are considered approved, provided that they are in accordance with the accompanying Board policy.
