

## WALKERS AND RIDERS

The Board provides transportation for resident elementary students, kindergarten through grade eight, who live more than two miles from school and for all students with physical or mental disabilities which make walking impossible or unsafe. The transportation of high school students is optional.

Accordingly, the administration designates and the Board approves areas of residence from which students are provided transportation to schools.

The Board may create exceptions to the established areas when:

1. in the judgment of the Board, walking conditions to the student's school are extremely hazardous and/or
2. because of overcrowding and the necessity to assign students to another building, the Board deems transportation necessary.

The Board authorizes the staff responsible for administering the student transportation program to require student identification as a prerequisite to riding a school bus when this is deemed necessary.
