

STUDENT TRANSPORTATION SERVICES

The transportation policies of the Board are aimed at providing a safe, efficient and economical method of getting students to and from school. It is the desire of the Board that the transportation schedule serve the best interests of all students and the District.

In addition to that required by law, the Board provides school bus transportation to all elementary and secondary school students to the extent determined by the administration and approved by the Board. This may vary because of safety conditions or due to financial constraints that prevail in the District. All regulations governing student transportation are in accordance with the "Ohio School Bus Operation Regulations" issued by the Ohio Department of Education, Ohio State Highway Patrol and the Ohio Department of Highway Safety and as required by Ohio law.

The District operates its own fleet of school buses. If it is impractical to transport certain students by regular bus, they may be transported by other means.

The transportation program is under the direction of the transportation supervisor who is responsible to the Superintendent.

Private School Transportation

The District provides transportation for students who attend private schools in compliance with Ohio law. The Board has the authority to make payment to the parents of such students in lieu of transportation.
