

SCHOOL YEAR/SCHOOL CALENDAR

The school calendar for the following school year is prepared by the Superintendent/designee and presented to the Board for approval. The number of hours scheduled for students meets or exceeds the requirements of State law.

The calendar sets forth the days and hours schools are in session, holidays, vacation periods, in-service training days, teacher orientation days and days of reports to parents.

In preparing the calendar, the Superintendent/designee may provide opportunities for members of the staff to offer suggestions before recommending a calendar to the Board for final consideration and adoption.

In accordance with State law, prior to making any changes to scheduled days or hours, the Board/district designee works with career-technical schools in which any of the District's high school students are enrolled, and community schools and chartered nonpublic schools to which the District is required to transport students.

The number of hours in each school year that school is scheduled to be open for instruction will not be reduced from the number of hours per year school was open for instruction during the previous school year, unless the reduction is approved by a Board-adopted resolution.

Prior to adoption, the Board holds a public hearing on the school calendar, addressing topics including the total number of hours in the school year, length of the school day, and beginning and end dates of instruction.

Any request for adjustment of the school calendar after adoption must be resubmitted by the Superintendent/designee to the Board for approval.
