#### Written Education Plan

The District provides gifted services based on the student's areas(s) of identification and individual needs and is guided by a written education plan (WEP) developed in collaboration with an educator who holds a licensure or endorsement in gifted education. The District provides parents with periodic reports regarding the student's progress toward meeting goals and the effectiveness of the services provided in accordance with the WEP. The WEP is provided to parents of gifted students and educators responsible for providing gifted education services and includes:

1. a description of the services provided, including goals for the student in each service specified, including but not limited to measurable academic goals;
2. methods for evaluating progress toward achieving the goals specified
3. methods and schedule for reporting progress to students and parents;
4. staff members responsible for ensuring that specified services are delivered;
5. policies regarding the waiver of assignments and the scheduling of tests missed while a student is participating in any gifted services provided outside the general education classroom and
6. a date by which the WEP will be reviewed for possible revision.

At the commencement of services, and each year in which a student receives services, the District makes a reasonable attempt, in writing to obtain a parent/guardian signature on the WEP. A student will not be denied services due to lack of a parent/guardian signature.

The District will develop and disseminate a “no service” letter to parents/guardians of students identified as gifted but not receiving gifted services clearly communicating the student is not received gifted services. The letter may include a list of enrichment opportunities provided to the student by the District.
