

READING SKILLS ASSESSMENTS AND INTERVENTION
(Third Grade Reading Guarantee)

The District is required annually to assess the reading skills of each K-3 student, except those students with significant cognitive disabilities or other disabilities as authorized by the Ohio Department of Education (ODE) on a case-by-case basis. The reading skills assessment is completed by September 30 for students in grades one through three, and by November 1 for students in kindergarten, or the date established by the Ohio Department of Education. The District uses the diagnostic assessment to measure reading ability either approved under State law or a comparable tool that has been approved by ODE.

If the diagnostic assessment shows that a student is not reading at grade level, the District provides written notification to the parents or guardian that includes:

1. notice that the school has identified a substantial reading deficiency in their child;
2. a description of current services provided to the student;
3. a description of proposed supplemental instruction services and supports;
4. notice that the diagnostic assessment for third grade reading is not the sole determinant of promotion and that additional evaluations and assessments are available and
5. notice that the student will be retained unless the student falls under an exemption or attains the appropriate level of reading competency by the end of third grade.

For a student not reading at grade level, the District provides intensive reading instruction services and regular diagnostic assessments immediately following the identification of a reading deficiency until the development of the reading improvement and monitoring plan referenced below. These intervention services must:

1. include research-based reading strategies that have been shown to be successful in improving the reading skills of low-performing readers and
2. be targeted at the student's identified reading deficiencies.

For each student receiving required reading intervention, the District develops a reading improvement and monitoring plan. This plan is developed within 60 days of receiving the student's results on the diagnostic assessment. The plan includes all of the following:

1. identification of the student's specific reading deficiencies;
2. a description of additional instructional services that target the student's identified reading deficiencies;

3. opportunities for the student's parents or guardians to be involved in the instructional services;
4. a process to monitor the implementation of the student's instructional services;
5. a reading curriculum during regular school hours that assists students to read at grade level, provides for scientifically based and reliable assessments, and provides ongoing analysis of each student's reading progress and
6. a statement that if the student does not attain at least the equivalent level of achievement under Ohio Revised Code Section 3301.071 by the end of third grade, the student will be retained.

For a student with a reading improvement and monitoring plan entering the third grade, the District provides a teacher who has at least one year of teaching experience and who satisfies one or more of the following criteria:

1. holds a reading endorsement on the teacher's license and has attained a passing score on the corresponding assessment for that endorsement, as applicable;
2. has completed a master's degree program with a major in reading;
3. was rated "most effective" for reading instruction consecutively for the most recent two years based on assessments of student growth measures developed by a vendor and that is on the list of student assessments approved by the State Board of Education (SBOE);
4. was rated "above expected value-added," in reading instruction, as determined by ODE for the most recent consecutive two years;
5. has earned a passing score on a rigorous test of principles of scientifically research-based reading instruction as approved by the SBOE or
6. holds an educator license for teaching grades pre-kindergarten through third or grades four through nine issued on or after July 1, 2017.

OR

For a student with a reading improvement and monitoring plan entering the third grade, the District may provide:

1. a teacher who has less than one year of teaching experience provided that the teacher meets one or more of the criteria listed above and is assigned to a mentor teacher who has at least one year of teaching experience and meets one or more of the criteria above

2. a teacher who holds an alternative credential approved by ODE or who has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by the department. The alternate credentials shall be aligned with the reading competencies adopted by the SBOE.
3. reading intervention or remediation services under this section from an individual employed as a speech-language pathologist who holds a license issued by the Board of speech-language pathology and audiology and a professional pupil services license as a school speech-language pathologist issued by the SBOE and/or
4. a teacher, other than the student's teacher of record, to provide any services required under this section, so long as that other teacher meets the assigned teacher criteria above and the teacher of record and the school principal agree to the assignment. This assignment is documented in the student's reading improvement and monitoring plan.

For any student who is an English language learner and who has been in the U.S. for three years or less or for a student who has an individualized educational plan, a teacher may teach reading if the teacher holds an alternative credential approved by ODE or who has successfully completed training that is based on principles of scientifically research-based reading instruction that has been approved by ODE. The alternate credentials shall be aligned with the reading competencies adopted by the SBOE.

The District has specific responsibilities for a student who has been retained at the end of third grade. The District must:

1. Establish a District policy for the midyear promotion of a student who is reading at or above grade level that provides that a student who participates in remediation services and who demonstrates the required reading proficiency prior to the start of fourth grade will be promoted to that grade.
2. Provide intensive remediation that addresses the student's areas of deficiencies. This must include, but not be limited to, not less than 90 minutes of daily reading. In addition, the remediation may include any of the following:
 - A. small group instruction
 - B. reduced teacher-student ratios
 - C. more frequent progress monitoring
 - D. tutoring or mentoring
 - E. transition classes containing third and fourth grade students
 - F. extended school day, week or year
 - G. summer reading camps

3. Provide a teacher who satisfies one or more of the criteria set forth above.
4. Offer the student the option to receive applicable services from one or more providers other than the District. These providers will be screened and approved by the District or by ODE.
5. Provide instruction that is commensurate to the achievement level for a retained student who has a demonstrated proficiency in a specific academic field as defined by State law.
6. Any student who has been retained because of results on the third grade reading assessment and who demonstrates during the academic year that he/she now is reading at or above grade level is promoted to the fourth grade pursuant to the District-level mid-year promotion policy.
 - A. Mid-Year Promotion – Any student retained by the Third Grade Reading Guarantee is eligible to be promoted to fourth grade any time after the start of the school year when proficiency is demonstrated on a district-selected assessment.

Districts required to submit staffing plans do so in accordance with State law.
