

DISTRICT WEB SITE PUBLISHING

School web sites provide the District with unique and ever-changing ways to interact with the community and improve student learning. School web sites:

1. allow an individual school to provide current and complete information to its community at large;
2. give the community a means to communicate effectively with students and personnel;
3. create expanded means for student expression and/or
4. provide new avenues for teachers to help students meet high standards of performance.

All District schools wishing to maintain a presence on the Internet must develop written web regulations that allow the school to realize the benefits of maintaining a web site while protecting the school and community from its potential misuse.

Purpose and Use of District Web Sites

The primary purpose of a District's web site is to communicate effectively with its community. The principal or designee shall ensure that the site is maintained in such a way that the community receives reasonably current and accurate information.

The District may elect to have its web site serve additional purposes related to its educational mission. These include, but are not limited to:

1. publishing a student newspaper;
2. posting teacher-created class information or
3. publishing appropriate student class work.

When a school allows student publications on its web site, the purpose of including such publications shall be clearly identified in that section of the site. These publications shall be consistent with the mission, goals, policies, programs and activities of the District. All publications shall meet established District requirements related to student print publications and in accordance with State and Federal law related to student expression.

Accessibility of Website

The District is committed to ensuring the accessibility of its website for students, parents, and members of the community, including individuals with disabilities, except where doing so would impose an undue burden or create a fundamental alteration.

Advertising or Sponsorships

Any use of advertising or sponsorships that appear on a school web site must be approved by the Superintendent/designee. Guidelines must be consistent with District policies and guidelines used in other District publications.

The Board directs the Superintendent/designee to develop regulations to implement this policy. Such regulations shall address student and staff privacy and content standards for web site publications.
