

EARLY GRADUATION

The earliest time that a request for permission for early graduation shall be considered is during the last nine-week grading period of the sophomore school year.

The procedures for applying for permission to graduate early shall be:

1. The student receives an application from the guidance counselor.
2. The completed application is signed by the parent and lists the reason for the request. The completed application is returned to the counselor.
3. The counselor verifies the student's accumulative average.
4. The counselor sends the application to the principal for his/her approval.
5. The principal sends the approved application to the Superintendent/designee for final approval.
