

ASSIGNMENT OF STUDENTS TO SCHOOLS

The Board approves attendance areas. Students attend the school or paired school which serves the attendance area in which their parents reside or, upon acceptance, the student may attend another school pursuant to the District's intradistrict open enrollment policy.

The Superintendent has authority to assign students to schools. The Superintendent or his/her designee is authorized to make exceptions on the basis of hardship, student need or other reasons as determined by the Superintendent or designee, and to assign a student to a school outside his/her own attendance area.
