STUDENT SURVEYS

The Board recognizes the importance of maintaining student records and preserving their confidentiality. Student records containing personally identifiable information are kept confidential at collection, storage, disclosure and destruction stages. Boards that receive funds under any applicable program must provide reasonable notice to parents at least annually at the beginning of the school year that their children may be involved in Board-approved third party surveys. The school must also give the parents the opportunity to opt their child out of the activity. A student shall not be required, as part of any applicable program, to submit to a survey, analysis or evaluation that reveals information concerning:

- 1. political affiliations or beliefs of the student or the student's parent;
- 2. mental or psychological problems of the student or the student's family, "potentially embarrassing to the student or family";
- 3. sex behavior or attitudes;
- 4. illegal, antisocial, self-incriminating or demeaning behavior;
- 5. critical appraisals of other individuals with whom respondents have close family relationships;
- 6. legally recognized privileged or analogous relationships, such as those of lawyers, physicians and ministers;
- 7. religious practices, affiliations or beliefs of the students or student's parent, or
- 8. income (other than that required by law to determine eligibility for participation in a program and/or for receiving financial assistance under such program).

Parents have a right to be notified and inspect a survey created by a third party before that survey is administered by the school to students.

In order to protect student privacy rights when a school survey is to be administered that contains one of the prohibited eight items identified in this policy, parents have the right to inspect the survey. If parents do not want their child to be a participant in the survey, they must notify the school.
