

## COMMUNITY INSTRUCTIONAL RESOURCES

Helping each student develop to his/her full potential and to become a citizen contributing to the welfare of the community are important objectives of the District's educational program. The Board encourages administrative and instructional personnel to rely on the community as one of its educational resources. The administration directs a community instructional resource program designed to involve the citizens, institutions and environment of our community in the education of its children.

The Superintendent has supervisory control over the community resources program, which includes the school volunteer service. Members of the staff and of the community are encouraged to offer their ideas and services through the channels which the administration develops.

The Superintendent reports to the Board on the involvement and effectiveness of the community resources program.
