

Curious Cubs: Session A Schedule

October 2, 2017 – November 9, 2017

Curious Cubs is offering free after-school enrichment classes to all Brown Elementary students and students within Brown's boundaries. Students are allowed to participate in one to four classes, depending on availability. Students will choose what classes they are interested in, in the order of which one they want to take the most. Classes are assigned on a first come, first serve basis, assigning everyone interested a first class, then repeating the process for second through fourth choices.

Depending on your class schedule, pick up is 4:30 - 4:40 pm **OR** 5:30 pm - 5:40 pm in front of the building. For the safety of our students, parents must park their car and walk up to the front doors to pick up their student.

Mondays: 10/2, 10/9, 10/16, 10/23, 10/30 and 11/6

3:30 pm – 4:30 pm

Class 001: Coding ABCs with Mr. D'Andrea
Grades 1-2 (15 students)

Class 002: Photography with Mrs. Huffman
Grades 4-5 (10 students)

Come explore photography with Mrs. Huffman! We will learn the basics of lighting, composing, and telling a story through photography.

4:30 pm – 5:30 pm

Class 003: R-Factor Focus
Grades 1-5 (16 students)

Take a deeper dive into Hilliard's work with R-Factor and $E + R = O$. Students from Academy EDU will partner with us to enhance our understanding of how our responses to everyday events impacts the outcome.

Tuesdays: 10/3, 10/10, 10/17, 10/24, 10/31 and 11/7

3:30 pm – 4:30 pm

Class 004: Book Club with Mrs. Furr & Mr. Truske
Grades 4-5 (16 students)

Calling all students who have a passion for reading and love talking about books! Join Mrs. Furr and Mr. Truske as we discuss books in an informal setting. Students will work on community-building as they meet to choose, read, discuss, and compare new and popular books. Students will be required to complete a weekly reading assignment prior to each book club meeting.

Class 005: Robotics with Mrs. Bortolani
Grades 4-5 (18 students)

Come learn how to build robots and then work on coding to make them move!

Class 006: Brown Elementary School Theater Club with Mrs. Carlson
Grade 5 (18 students)

Do you like to perform for others? Do you like to talk in front of groups of people? Do you want to be in a play performance? If so, then welcome to B.E.S.T. (Brown Elementary School Theater) Club! I am looking for fifth grade students who are full of dramatic spirit! In BEST Club we will work toward putting together a production that we will perform for the whole school!

4:30 pm – 5:30 pm

Class 007: R-Factor Focus
Grades 1-5 (16 students)

Take a deeper dive into Hilliard's work with R-Factor and $E + R = O$. Students from Academy EDU will partner with us to enhance our understanding of how our responses to everyday events impacts the outcome.

Wednesdays: 10/4, 10/11, 10/18, 10/25, 11/1 and 11/8

3:30 pm – 4:30 pm

Class 008: Board Games with Mrs. Ellis

Grades 1-3 (12 students)

Friendly Game Fun! No iPads this time – we're going low tech! We'll play games like Sorry!, Candyland, Monopoly Jr., and other classic and new board games. Come learn a new game or play a favorite!

Class 009: Strategy Board Games with Mrs. Bortolani

Grades 3-5 (18 students)

Use your problem solving skills as we explore different strategy board games!

Class 010: Clay Club 3-5 with Mrs. Murdock

Grades 3-5 (24 students)

Students will learn all about clay! We will cover the basics, as well as learn new techniques and processes. We won't stop there! Students will discover how the kiln works, the science behind glazes, and how clay is made! We will go beyond pinch pots and into the science behind clay!

4:30 pm – 5:30 pm

Class 011: R-Factor Focus

Grades 1-5 (16 students)

Take a deeper dive into Hilliard's work with R-Factor and $E + R = O$. Students from Academy EDU will partner with us to enhance our understanding of how our responses to everyday events impacts the outcome.

Thursdays: 10/5, 10/12, 10/26, 11/2 and 11/9

****NO CLASSES ON 10/19**

3:30 pm – 4:30 pm

Class 012: Clay Club 1-2 with Mrs. Murdock

Grades 1-2 (18 students)

Students will learn all about clay! We will cover the basics, as well as learn new techniques and processes. We won't stop there! Students will discover how the kiln works, the science behind glazes, and how clay is made! We will go beyond pinch pots and into the science behind clay!

4:30 pm – 5:30 pm

Class 013: R-Factor Focus

Grades 1-5 (16 students)

Take a deeper dive into Hilliard's work with R-Factor and $E + R = O$. Students from Academy EDU will partner with us to enhance our understanding of how our responses to everyday events impacts the outcome.
