OHIO GRADUATION TEST PREPARATION (OGT)

Current law requires students who first enrolled in grade 9 before July 1, 2014, to take and pass the Ohio Graduation Tests for high school graduation. These are the last cohort of students who must pass all five parts of the OGT to receive high school diplomas. The Hilliard City School District offers summer school classes for students who would like tutoring for the OGT. These five preparation classes will be invaluable to students who need intervention on the OGT. This program combines test-taking skills with appropriate subject matter to guide students toward a better performance on the test. Although no program can offer guarantees, we feel that the quality of these summer school preparation classes will provide students with much needed assistance.

Registration: Student numbers will be limited to 25 per class. Students may register for one subject area or all four.

Cost: \$100 for all subjects. This fee will cover any/all preparation classes taken by a student.

REQUEST TO REPEAT A COURSE
* only to be completed if retaking a course***

Students may request to repeat courses. In order to repeat a course for a replacement grade, this form must be completed and submitted to the guidance office before the sixteenth day of school. The course information and the grade earned the first time remain on the transcript as part of the student's academic record. However, the grade earned the second time is the grade that is computed in the calculation of the grade point average. This means students will always receive the second grade earned. Credit is only awarded once for the course. A student may repeat, at most, two year-long courses or four semester courses in one school year. Students must complete the entire semester/year to be eligible to repeat a course.

- ~ A course and its prerequisite may not be taken at the same time.
- ~ A course may be repeated only once.
- ~ Grades from out of the district sources, correspondence courses, and summer school courses will not be accepted as replacement grades (exceptions — those courses taken in the summer sessions offered by Hilliard City Schools).
- ~ The dropping of a course that is being repeated will be handled according to the same rules as all other courses.
