

# WELCOME TO THE EXPLORERS LEARNING COMMUNITY

Ms. Cheryl Wemp, 2<sup>nd</sup> Grade- I have taught kindergarten, first, and second grade here at Scioto Darby. I have 3 adult children, Christopher, Lindsey, and Evan. I also have a dog named Willow. I enjoy sharing and writing stories about him each year with my students. I love to read, garden and bake. I am looking forward to learning and growing with my new second graders and welcoming them to the Explorer's Community!

Ms. Barb Eversole, 3<sup>rd</sup> Grade- I love teaching at Scioto Darby! I have been here for 26 years. I have spent most of my career in 2nd grade but moved to 3rd grade last fall and discovered that I truly enjoy it. I have two children, Marissa and Zachary, who attended SDE and are Hilliard graduates. In my free time I enjoy reading, spending time with my family and friends, and going to the beach. I feel blessed to be an Explorer. I'm looking forward to another great year with the amazing students and staff on our Community!

Mrs. Nicole Braet, 4<sup>th</sup> Grade- I love teaching 4th grade! I have been at SDE my whole career and have taught 2nd-5th grade plus reading support. This place is home to me and I make it a priority to be a home for my students. I believe that coming to school each day is not only about academics but growing socially and emotionally as well. I am looking forward to another great year as an Explorer!

Ms. Kate Corson, 5th Grade- I am happy to be joining the Explorers Community this year. I began teaching at Scioto Darby Elementary, moved to 5th grade after several years, and spent the 2016-17 school year as the STEM teacher. Prior to teaching I spent 10 years working as an engineer, and I recently completed a PreK-6th grade Mathematics specialist endorsement. Yes, math and science education is my thing! In my free time I love to read, garden, and travel.

Mrs. Doreen Brammell, Instructional Aide- I have been an Intervention Assistant with Hilliard City Schools for 14 years, the past 5 being here at Scioto Darby. I am so lucky to work with not only an amazing staff but with such amazing children. I am excited to begin another year on the Explorer Community!

Ms. Sarah Moore, Special Education- I am an Intervention Specialist and I am lucky to have spent the majority of my career at Scioto Darby. I spent my first few years teaching students with developmental disabilities in the London City School District, but soon found and followed my passion of working with students with dyslexia and other learning disabilities here in Hilliard. I enjoy fostering students' strengths and helping them develop their weaknesses so that they can be confident, successful, and happy children! I am getting married this summer so next year I will be Mrs. Benton!

Mrs. Amy Felicetty, Special Education- I have been an intervention specialist at Scioto Darby for 10 years. Prior to that, I taught 3rd and 5th grade...all here at Scioto Darby. I love being at school and watching our students grow as learners. Every day I am amazed by the Scioto Darby family. The Explorer Community is a great place to be and I am excited to start another year with an amazing group of staff and students.

Mrs. Nicole Ernest, Instructional Aide- I have been an Intervention Assistant at Scioto Darby for the last 3 years. Prior to this job I was a stay-at-home mom and a School Social Worker for Dayton Public Schools. I am so grateful to have found a home at Scioto Darby. I truly enjoy coming to work every day because of the wonderful and supportive staff and all the amazing children here. I love watching them grow academically, socially and emotionally. I'm excited to return to our awesome Explorer Community in the fall!
