

Making Space On Your iPad.

By: Mahmoud Tarabiya

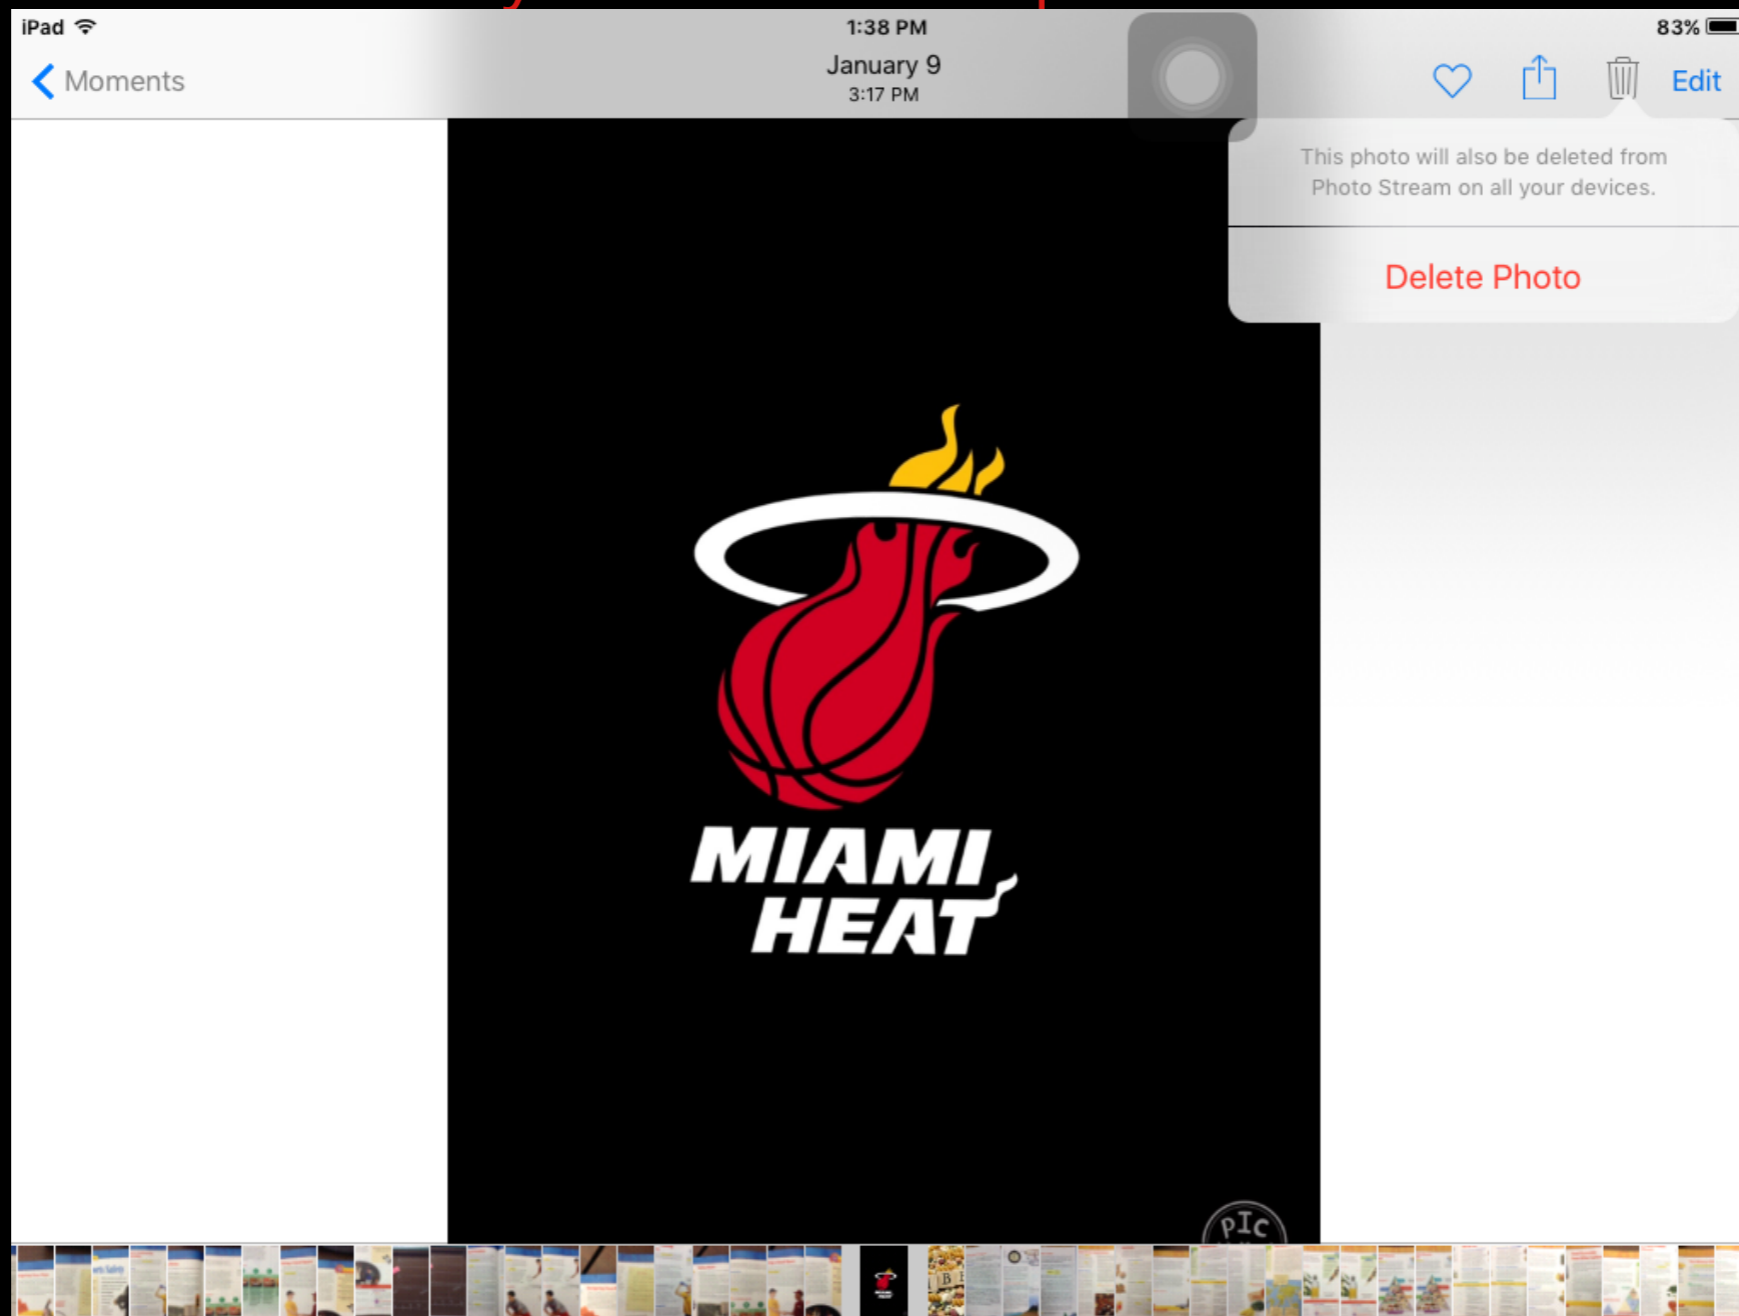

Deleting iBooks

iBooks take up a lot of the iPad's space. So deleting some iBooks that are not really used can really clean up a lot of space.

Deleting Photos and Videos

Photos and videos can also take up lots of your iPad's space.

Deleting iMovies

iMovies take up most of your iPads space so if you have unneeded iMovies, it clears up A LOT of space on your iPad if you delete them.
