FISCAL MANAGEMENT GOALS

The quantity and quality of learning programs are related to the funding provided and the effective, efficient management of those funds. It follows that the District’s purposes can best be achieved through prudent fiscal management.

Because of resource limitations, there is sometimes a temptation to operate so that fiscal concerns overshadow the educational program. Recognizing this, it is essential that the Board take specific action to make certain that education remains central and that fiscal management contributes to the educational program. This concept is incorporated into Board operations and into all aspects of District management and operation.

As trustees of the community’s investment in the facilities, materials and operational funds, the Board has a fiduciary responsibility to ensure that the investment is protected and used wisely. Competent personnel and efficient procedures are essential for sound management of fiscal affairs. The Board expects that the Superintendent and the Treasurer keep it informed through reports, of the fiscal management of the District.

With the assistance of other designated personnel, the Superintendent and Treasurer are expected to develop an efficient and effective procedure for fiscal accounting, purchasing and the protection of plant, grounds, materials and equipment through prudent and economical operation, maintenance and insurance.

The Board seeks to achieve the following goals:

1. to encourage advance planning through the best possible budget procedures;
2. to maintain a level of expenditure needed to provide high quality education within the ability and willingness of the community to pay.
3. to use the best available techniques for budget development and management;
4. to provide timely and appropriate financial information to all stakeholders of the district;
5. to establish effective procedures for accounting, reporting, business, purchasing and delivery, payroll, payment of vendors and contractors and all other areas of fiscal management and
6. to explore all practical sources of income.
