PERSONNEL POLICIES GOALS

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The District’s program functions best when it employs properly certified or licensed personnel, conducts appropriate staff development activities and establishes policies and working conditions which are conducive to high morale and enable each staff member to make the fullest contribution to District programs and services.

The goals of the personnel program include:

2. developing a general assignment strategy which makes the greatest contribution to the educational program, and using it as the primary basis for determining staff assignments;

3. providing positive programs of staff development designed to contribute both to improvement of the educational program and to each staff member’s career development;

4. providing for a genuine team approach to education, including staff involvement in planning, decision making and evaluation; and

5. developing and using for personnel evaluation positive processes which contribute to the improvement of staff capabilities and assist in making employment decisions.
