STUDENT ABSENCES AND EXCUSES

Achievement and attendance are highly correlated. Each student should attempt to attend school daily. Rules and regulations regarding excessive absenteeism and tardiness shall be enforced.

Parents and/or guardians are legally responsible for the student's attendance in school; therefore, the parent or guardian of any student is required to accompany the student to the school's attendance office each time the student has accumulated five days of unexcused absence in a semester. If the school has no attendance office, the principal's office shall serve as such.

Students are required to be in their designated place at all times during the school day. Any student found otherwise shall be considered truant and shall be subject to the same policies and procedures as out-of-school truancy.

Family Trips

It is recognized that planned family trips often provide enrichment to regular classroom instruction. It is further recognized that employers cannot always grant vacation periods which fall within the school vacation and holiday period, and for families to be together, some trips must necessarily be scheduled during the academic year. Application for approval (JED-E) must be made by a parent or guardian at least two weeks in advance. If the student is not a member of the immediate family, his/her parent or guardian must complete the application. Each student is limited to one approved trip of 10 school days or less per school year without loss of academic standing, provided proper assignment make-up work is completed, including tests and final examinations. More than one trip with a cumulative of 10 days or less may be approved by the building principal or his/her designee. Trips of more than 10 school days shall not be approved except in extraordinary circumstances as determined by the building principal or his/her designee. If a student is absent for family travel outside of the ten (10) days of excused absences allowed by the District, he/she will be considered unexcused from school and subject to truancy regulations. The school district may be obligated to report the parent/guardian to the Franklin County Juvenile Court System and file charges of lack of compliance with the compulsory education rules. Communication with the school and family is crucial and attempts can be made to design online or other opportunities when applicable.

Excused Absence

Excused absences shall be those that are included as reason for absence according to the Ohio Revised Code. These reasons are:

1. Personal illness. The approving authority may require a medical certification if he/she deems it advisable.
2. Illness in the family. The absence under this condition shall not apply to children under fourteen years of age.

3. Quarantine of the home. The absence of a child from school under this condition is limited to the length of quarantine as fixed by the proper health officials.

4. Death of a relative. The absence arising from this situation is limited to a period of 18 hours unless a reasonable cause may be shown for a longer absence.

5. Work at home due to absence of parents or guardians for a limited period of time when approved by the Superintendent/designee.

6. Observance of religious holidays. Any child of any religious faith shall be excused if his/her creed or belief.

7. Emergency or set of circumstances which in the judgment of the Superintendent/designee constitutes a good and sufficient cause for absence from school.

8. Field trips or school activities. Absence as a result of an approved field trip or school-sanctioned or sponsored activity shall be an excused absence.

9. College visitation.

10. Absences due to a student’s placement in foster care or change in foster care placement or any court proceedings related to their foster care status.

11. Absences due to a student being homeless.

The District makes an attempt to contact the parent, guardian, or other person having care of a student who has not notified the school of the student’s absence that day regarding that student’s unexcused absence within 120 minutes of the start of the school day. The Board authorizes the Superintendent/designee to determine and use the appropriate notification procedure and methods consistent with State law.

Each student who is absent must immediately, upon return to school, make arrangements with his/her teacher(s) to make up work missed. Students who are absent from school for reasons not permitted by State law may, or may not, be permitted to make up work. Each case is considered on its merits by the principal and the respective teacher(s). Students who are absent due to an in-school or out-of-school suspension are permitted to make up missed classroom assignments in accordance with District level policies and procedures.
Unexcused Absences

An unexcused absence, whether resulting from truancy or other unacceptable reasons, eliminates the opportunity to earn credit for work missed. This shall not preclude the student from completing assignments to keep current.

Disciplinary action may result from unexcused absence.

The Board authorizes the Superintendent/designee to establish a hearing and notification procedure for the purpose of denying a student’s driving privileges if that student of compulsory school age has been absent without legitimate excuse for more than 60 consecutive hours during a school month or a total of at least 90 hours during a school year.
