INTRODUCTION
THE DESIGN GUIDELINES

These guidelines describe the visual and verbal elements that represent Hilliard City Schools identity. This includes our name, logo and other elements such as color, type and graphics.

Sending a consistent and controlled message of who we are is essential to presenting a strong, unified image of our district.

These guidelines reflect Hilliard City Schools commitment to quality, consistency and style.

The Hilliard City Schools brand, including the logo, name, colors and identifying elements, are valuable district assets.

Each of us is responsible for protecting the district’s interests by preventing unauthorized or incorrect use of the Hilliard City Schools name and marks.

LOGO INTRODUCTION

Our Logo is the key building block of our identity, the primary visual element that identifies us. The signature is a combination of the symbol itself and our name – they have a fixed relationship that should never be changed in any way.

THE FULL LOGOTYPE

The Hilliard City Schools Logo comprises two elements, the logo symbol and logotype. The Logo Symbol is a powerful image evoking the culture of preparing our students to be Ready For Tomorrow.

The Logotype has been carefully chosen for its modern and yet refined, highly legible style, which has been further enhanced by the use of uppercase letters. The typeface is Whitney Bold and has also been chosen to complement and balance perfectly with the logo symbol.

The district logo is presented through the use of color as well as shape and form. The two corporate colors are Dark Blue and Light Blue. It is a fresh and appealing blend of colors chosen for their strong combination - modern - classic - timeless.

THE LOGOTYPE

1) The Logo Symbol
Consists of a powerful element evoking the students moving through the school district and achieving their highest potential.

2) The Logo Title
Carefully chosen for its modern and yet refined, highly legible style, which has been further enhanced by the use of uppercase letters in blue tone of the chosen district color. The font that is used here is Whitney Bold.

3) The Logo Dark Version
will be used when the background color is light colored.

4) The Logo Light Version
will be used when the background color is dark colored.

Attention:
Use of any stylized, animated, hand drawn or other versions of an official logo is not permitted. This undermines the logo system and brand consistency. Please consult with Hilliard City Schools Communications Dept. If you have any questions or need further help.
LOGO CONSTRUCTION, CLEAR SPACE AND COMPUTATION

It is important to keep district marks clear of any other graphic elements. To regulate this, an exclusion zone has been established around the corporate mark. This exclusion zone indicates the closest any other graphic element or message can be positioned in relation to the mark of the symbol itself and our company name – they have a fixed relationship that should never be changed in any way.

### CLEAR SPACE

- Whenever you use the logo, it should be surrounded with clear space to ensure its visibility and impact. No graphic elements of any kind should invade this zone.

TYPOGRAPHY AND TEXT HIERARCHY

Typographic hierarchy is another form of visual hierarchy, a sub-hierarchy per se in an overall design project. Typographic hierarchy presents lettering so that the most important words are displayed with the most impact so users can scan text for key information. Typographic hierarchy creates contrast between elements. There are a variety of ways you can create a sense of hierarchy. Here are some of the most common techniques for Hilliard City Schools layouts.
