# Sports Physical

## INFORMATION TO KNOW BEFORE YOU ARRIVE – SPRING 2025

- **Why offer physicals?** *Sports physicals are best performed by the student-athlete's primary care physician (PCP).* However, station based physical exams administered by athletic trainers, physical therapists and fellowship-trained sports medicine team physicians provide an appropriate and complete alternative to physicals that would be provided by an urgent care or other convenience-based pharmacy/outpatient treatment setting. This sports physical (as well as ALL physician interaction during school coverage) is not meant to replace regular or as-needed visits to your PCP. Physicals and on-site school or event coverage by an athletic trainer and/or physician are an adjunct intervention in an area of specialty.
- **Who can attend these physicals?** These sports physicals are open to students at any middle schools, high schools or school districts that partner with OhioHealth. These exams are meant for athletes with **"clean"** medical histories and are used to screen for and detect medical or physical conditions that may put the student athlete at risk for future problems. **Any athlete who currently has a participation limitation for a medical condition, injury, illness, including but not limited to respiratory illness or those with previously diagnosed medical conditions, injuries, illnesses, especially cardiac conditions that might preclude or limit participation in sports, should not attend these screening exams.**
- **How does scheduling work?** In order to ensure adequate staffing and maintain appropriate room capacities **no walk-ins will be accepted.** Please use the link or QR code on the front to schedule in advance.
- **Can I go to any of the dates listed?** Yes.
- **How long will the exam take?** We will do our best to move through as quickly as possible but understand that the physicians want to make sure each athlete gets all their needs addressed completely and thoroughly. Please wait in your car until your scheduled timeslot.
- **Will I be charged for this exam?** OhioHealth is offering these services at no charge to the affiliated schools. All physicians that are working these physicals are volunteering their time.
- **Can I go with my child through the exam?** Yes, a parent/guardian is **ENCOURAGED** to go to all the stations with their son/daughter as well as be in the room during the physician exam. If a parent or guardian is NOT present **ALL pages of the approved physical form need to be fully completed, signed, and dated in order for your athlete to receive a physical.**
- **What should I bring?** Prior to receiving a physical, all components of the OHSAA physical packet must be fully completed. This includes but is not limited to the OHSAA Authorization Form and the Ohio High School Athletic Association Eligibility and Authorization Statement (typically pages 6-7 of the OHSAA physical packet). Please complete all OHSAA Packet SIGNATURES, DOB, DATES, school contact info, and grade. Per OHSAA rules, without a fully completed form, the athlete is ineligible to participate.
- **Our school is using Final Forms or another program, what do I need to bring?** Please check with your school's athletic director to see what physical form the school is requiring of their athletes. If the school is using an electronic form, The following pages must be printed and brought to the physical appointment for physician review and signature: **Health history, demographic information, physical evaluation, the OHSAA Authorization Form and the Ohio High School Athletic Association Eligibility and Authorization Statement.**
