RULES FOR RETURNING YOUR IPAD

Along with your iPad turn in, remember to bring back all text books, library books, sports uniforms, musical instruments, and any other school issued items. Our staff has put together student personal items and will distribute when you return school issued items.

Over the next week all students are being asked to take some important steps **BEFORE** dropping off their district iPad for summer check-in. We are asking our parents to check with students to be sure this is completed. If not, you and the student can follow these steps before your turn in appointment.

1. View End-of-Year iPad presentations and follow the steps to prepare the iPad for summer storage.

2. Here is a [Video Tutorial](#) for more help and a [video tutorial](#) to show you how to erase your iPad..

3. It is important that we can see the entire iPad inventory sticker on the back of the iPad. If the inventory sticker cannot be fully seen, we ask families to write down the number on a sticky note or piece of paper and turn it in with the iPad at Collection. This will keep us from having to remove the iPad from the case and slow down the collection process.
 4. Keep your charging brick and cable at home for the summer (unless you are withdrawing from the district). If you are withdrawing from the district over the summer, please turn in your charging brick and cable with your iPad.

***ALL** cars will enter at the entrance nearest to Memorial Middle School.

****NO STUDENTS or PARENTS should exit their cars for any reason!*** We all need to make sure we are doing our part for social distancing during this entire process!
