District News

We Need Your Thoughts

The Hilliard City School District would like to understand your perspectives and priorities about providing personalized learning experiences for our students. A personalized approach to education can help students feel more ownership of and connection to their learning, and improve learning outcomes. Please take a few minutes to take part in [this week's Thoughtexchange on personalization](#). The thoughts you share and ratings you assign will inform how we can shape meaningful personalized learning experiences for all students.

This is the third in a series of exchanges designed to help the Hilliard City School District build a strategic vision for the next 10 years that students, parents, staff and community members can support and relate to. We recognize that we are asking for a lot of feedback about specific areas of the Next 10 plan. Thank you for your participation! We want to share what we've learned from you. Click the links below to explore the results of the past two exchanges:

- [6th Grade Skills Exchange](#)
- [Preparing Students for the Workforce Exchange](#)

We will continue to share what we learn as the series of exchanges progress. As a participant, you will be able to see the top priorities from each exchange.

Author Kate Fagan Visit
