

Red Robin's Yummmmmm???

HMS SCHOOL SCOOP

Shaylee

In November my family went to the Red Robin restaurant on Hilliard Rome Road. We went to have a fun family night together and talk about our week. The plan was to order lots of fries and a burger for each person. However that night we were surprised at many things

The best thing that happened that night was that we got a free meal because of the horrible service we received. We also got a window booth. The window was clean and the table and seats had no crumbs on it. The restaurant smelled nice and was very clean. The bathrooms were in good shape and it was a very pleasant place to be.

While the surroundings were perfect, the service and food was not up to the expectations of my family. The waitress was rude and the service was less than desirable. The waitress got the order wrong and got sharp with my mom. The food we received was tasteless and was not good. It gave us all a stomach ache. We hardly received fries and when they did the fries were few in number and tiny.

Overall it was a bad experience and we have not been back to Red Robin since and we do not plan to. I would give the Red Robin restaurant on Hilliard Rome Road 2 star rating because while we did get our food, we were not pleased with the speed or quality. We have been to the Red Robin restaurant on Tuttle Crossing and it is better than the Red Robin on Hilliard Rome Road.
