

Global Network -This network prepares learners for lives in a rapidly changing global society. Learners need a broad range of experiences to build their knowledge of the world and understand their place in it. The Global Network will aim to prepare all learners to think critically, observe skillfully, reflect thoughtfully, and participate meaningfully in authentic experiences both in their local community, as well as a global community.

## World Languages

<b>#400011</b> One Semester      1 Elective Credit	<b>#400012</b> One Semester      1 Elective Credit	<b>#400013</b> One Semester      1 Elective Credit
<b>German 1</b> Students begin their introduction to German by focusing on the five key areas of language study: listening, speaking, reading, writing and culture. Each unit consists of a new vocabulary theme and grammar concept, reading and listening comprehension activities, speaking and writing activities, interactive cultural presentations and task-based activities to reinforce vocabulary and grammar. There is an emphasis on providing context and conversational examples for the language concepts presented in each unit. Students will become familiar with common vocabulary terms and phrases, comprehend a wide range of grammar patterns, participate in simple conversations and respond appropriately to basic conversational prompts, analyze and compare cultural practices and perspectives of various German-speaking countries and take formal and non-formal assessments to monitor language growth. <b>Only available at the Innovation Campus as a double block course.</b>  <i>Prerequisites: None</i>	<b>German 2</b> The second level of German will expand the students' grammatical knowledge, their vocabulary and the breadth of topics they will be able to read about, write about and speak about. Second year language students continue to focus on the five key areas of language, while following a year-long interactive fantasy story. Again, each unit is thematically based with a more intensive concentration on vocabulary and grammar patterns. Students will use authentic videos and listening sources to strengthen their listening skills. <b>Only available at the Innovation Campus as a double block course.</b>  <i>Prerequisites: German 1</i>	<b>German 3</b> The third level of German continues to expand the breadth and depth of the students' language skills. Students will continue to hone their abilities in writing, reading and conversational skills and will be given opportunities to creatively showcase their abilities. <b>Only available at the Innovation Campus as a double block course.</b>  <i>Prerequisites: German 2</i>
<hr/> <b>#400014</b> One Semester      1 Elective Credit <b>AP German 4</b>  		
AP German 4 is designed to provide advanced students with the opportunity to strengthen their ability to communicate in German through reading, writing, speaking and listening. To foster increased understanding of the German language and culture, students will use media and websites to explore the AP themes. In addition, the course offers students the opportunity to review previously acquired grammar knowledge in order to strengthen their writing ability. Students are given the option to take the Advanced Placement Foreign Language test in April. There is an additional fee for the AP German test. <b>Only available at the Innovation Campus as a double block course.</b>  <i>Prerequisites: German 3</i>
