

Steering Committee #6  
October 25, 2023  
6:00pm

# Master Facilities Plan

## Agenda

- 1. Option D Review*
- 2. Presentation Video Review*
- 3. Questionnaire Review and Prep*
- 4. Present Out*

# Master Facilities Plan

## Option D

### Option D - Implement Three 5-6 Buildings / Grade Configuration Change to K-4, 5-6

4

#### Option Highlights

\$\$\$\$\$

- Grade levels change from K-5 / 6th to K-4 / 5-6
- Begin district-wide boundary and feeder adjustment process
- Build New 5-6 building in Bradley HS area
- Replace JW Reason to house grades 5-6
- Renovate Tharp with additions to house grades 5-6
- Implement new boundaries and feeders

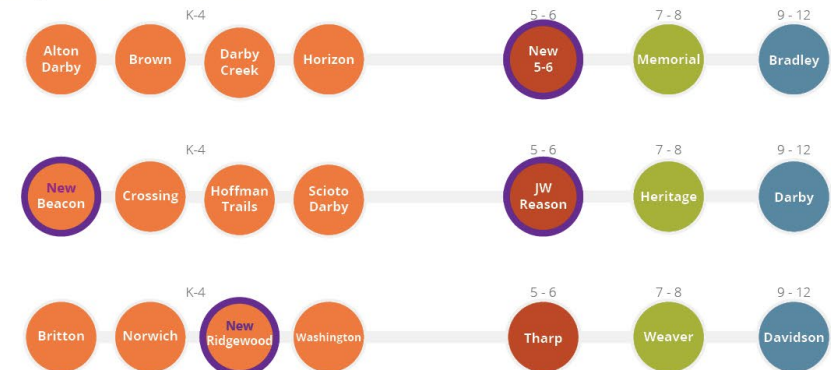

#### Other Actions

- Invest in remaining ES, MS, and HS condition improvements
- Invest in remaining ES, MS, and HS adequacy improvements
- Replace Beacon ES and Ridgewood ES
- Repurpose Avery building once use as swing space is complete
- Repurpose or deconstruct Station building once use as swing space is complete

#### Community Level of Support and Feedback Summary

#### Proposed Feeder Pattern

#### Benefits

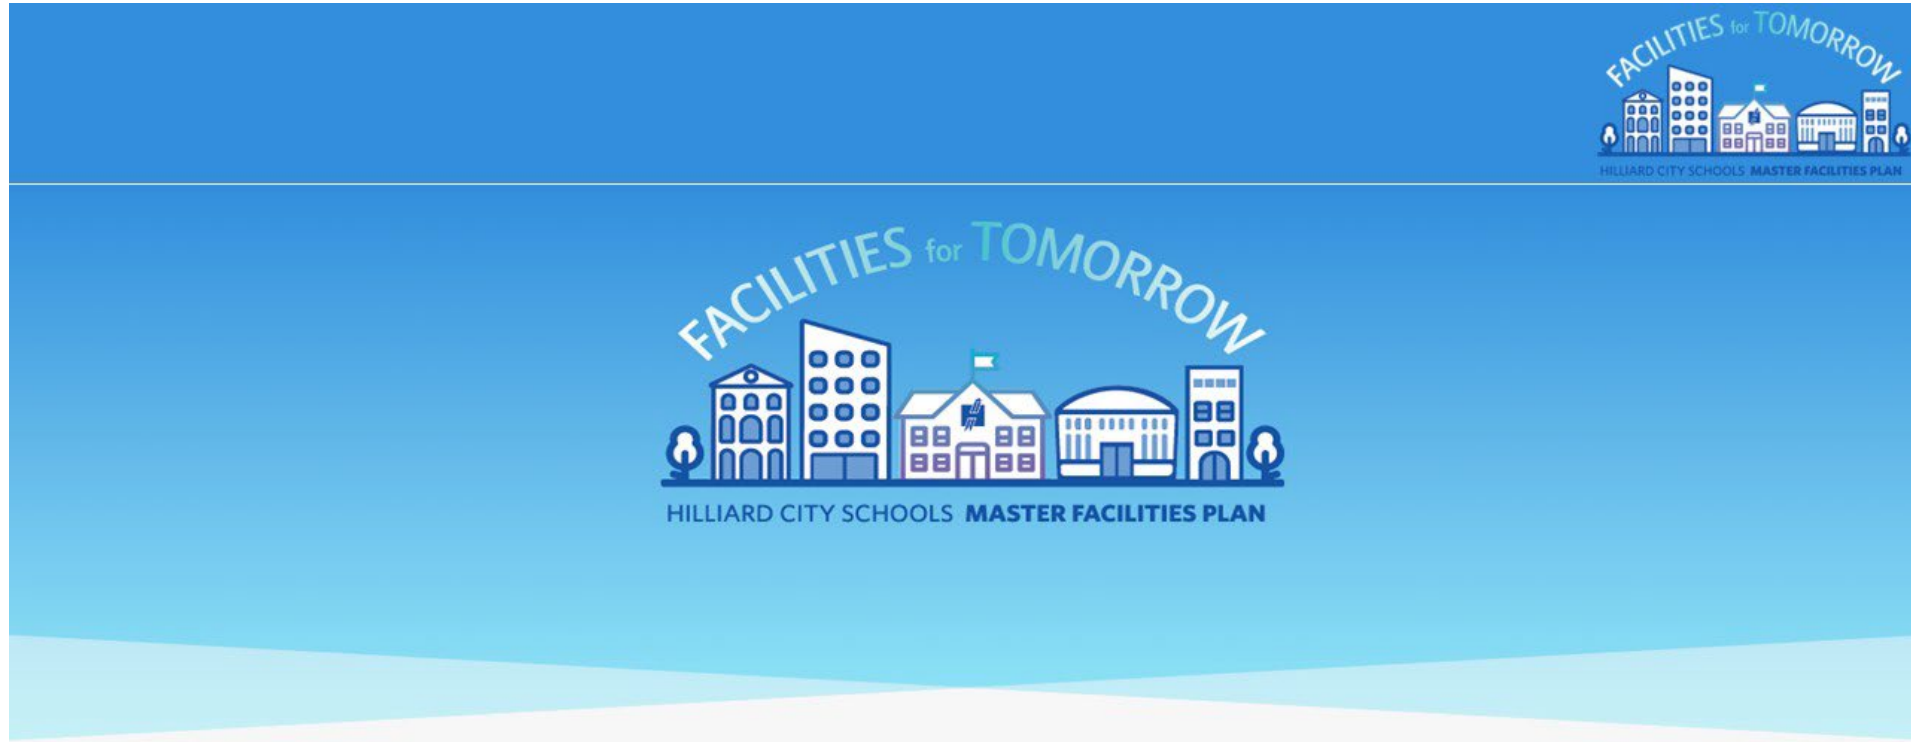

- Lowers utilization at elementary providing space for adequacy improvements
- Reduces initial need for elementary capacity creating opportunity to reallocate budget for other needs such as updating and modernizing buildings
- Potential to improve traffic patterns
- More time to build relationships and sense of community, fostering more parent involvement
- Provides more time for 5th grade students to learn how to adapt to middle school
- Provides teachers time to master new curriculum
- Narrows the age gap at elementary which benefits both buildings and busses
- Aligns feeders through every grade level
- Builds four (4) new facilities to replace aging infrastructure

#### Challenges

- Requires redistricting process potentially with multi-phased changes
- Requires significant construction to create 5-6 building infrastructure
- Grades 5-6 configuration require three 900 capacity buildings
- Adjusting to a significant grade configuration change in the district
- Requires multiple bond phases
- Acquisition of land
