# Elective Ranking

- Each student will complete an **Elective Ranking Google Form** in class in the coming days.
- Students will choose 10 electives by priority. For example, #1 will be their favorite, #10 will be their least favorite.
- Unfortunately, sometimes students are unable to get into an elective they registered for due to limited available spots, conflict with other courses they chose, etc. When this happens, school counselors will go to these Rankings and try to schedule their next ranked elective.
