DISTRICT MISSION STATEMENT

Hilliard City Schools will ensure that every student is Ready For Tomorrow

WELCOME TO HIGH SCHOOL

The entire staff of our high schools welcome you to the 2017-2018 school year. We are committed to building upon the strong academic, artistic, and athletic traditions that have existed in our school community for many years, and count on YOU to carry on those traditions. Our staff stands ready to assist you in your efforts to gain a quality education and to maximize your potential.

We believe your school planner is a valuable tool for bell schedules, the planning and organization of assignments, commitments and due dates. We hope the planner is a useful tool for you throughout your entire school year.

Your high school years should be four of the happiest and most active years of your life. Your involvement and participation in school activities will leave an imprint on your life. You will also create memories that will last throughout your lifetime. Make your mark here and take charge of your life. Take the initiative and get involved.

Best wishes for a successful year!

Informing Students of Expectations

Each student in the Hilliard City School District shall receive annually an electronic copy of current policies, rules, regulations and procedures commonly known as a student/parent handbook. The student/parent handbook shall contain among other information, a list of those acts for which a student may be suspended, expelled, removed, or otherwise disciplined. A copy of the type of misconduct, which may result in suspension or expulsion, shall be posted in a central location in each school. Copies of the policy pertaining to suspension and expulsion shall be available to all students upon request.

GENERAL SCHOOL OPERATION

Our high schools are special schools that require special care. Caring for our schools is everyone's responsibility, and it is the expectation of the school that everyone share in its cleanliness. Everyone has the right to come to school in a safe, well equipped, attractive environment. Our schools have been designed with spacious accommodations--colorful and pleasant accents and generous wood and brick décor. The community, our Board of Education, and our parents have worked hard to provide all of us with these beautiful schools. WE ARE COMMITTED TO HELP MAINTAIN THEIR BEAUTY!

All of us will be expected to care for and, from time to time, assist in maintaining our school home. Disposing of litter and trash appropriately helps everyone enjoy our surroundings. Defacing, destroying, or intentionally vandalizing property will be considered severe acts of misconduct and will result in suspension from school.

Please care about yourself by caring about your school, so others after us can enjoy the beauty of our high schools.

COURTYARD

Students are allowed to pass through the courtyard during class changes. The courtyard will be available for students during their lunch periods. Inclement weather will required the courtyard to be off-limits.

RELEASE OF STUDENT INFORMATION

In order to provide students with appropriate instruction and educational services, it is necessary for Hilliard City Schools to maintain extensive educational and personal information. The Family Education Rights and Privacy Act (FERPA) affords parents and students 18 years or older certain rights with respect to the student's education records. These rights are fully explained in the Hilliard City Schools Board of Education Policy.

It is Hilliard City Schools' intention to limit the disclosure of information contained in a student's educational record, however FERPA does permit the release of "directory information" to third parties such as, but not limited to, the media, colleges and universities and local PTO/Booster groups. Directory information, which is defined by the Board of Education and is subject to change, may be disclosed without prior written consent, except when the request is for profit-making plan or activity **or when disclosure is otherwise prohibited by law.**

Per Ohio Revised Code, the names and addresses of students in grades 10-12 shall be released to a recruiting officer for any branch of the United States armed forces who requests such information, unless a written request for the information not to be released is provided by the student's parent, guardian or custodian. Any data received by a recruiting officer shall be used solely for the purpose of providing information to students regarding military service and shall not be released to any person other than individuals within the recruiting services of the armed forces.

Hilliard City Schools designates the following as a student's directory information:

- | | | |
|--------------------|-----------------------|--|
| • Name | • Date of birth | • Extracurricular participation |
| • Address | • Dates of attendance | • Weight & height, if a member of an athletic team |
| • Telephone number | • Date of graduation | • Achievement awards or honors earned |

Hilliard City Schools wishes to be respectful of parents who do not want their children's directory information released. Parents have the right to submit a written request, preferably within the first two weeks after the student is enrolled in the school year, directing the district not to release directory information regarding their student. The written request and any questions should be directed to Hilliard City Schools Attn: School-Community Relations Department at 2140 Atlas Street, Columbus, OH 43228 or 614-921-7000.

GENERAL SCHOOL OPERATION

EMERGENCY DRILLS

Fire, safety (lockdown) and tornado drills are held at scheduled times throughout the school year. Students will be informed as to what signal constitutes a fire, safety (lockdown) and tornado alarm.

EMERGENCY SITUATIONS—NOTIFICATION PROTOCOL

HB1 Parent Notification Provision: “School districts, community schools, STEM Schools, and chartered nonpublic schools are required to inform, prior to opening day each school year, each enrolled student and the student’s parent of the parental notification procedures in the school’s protocol for responding to threats and emergency events, which are established under existing law.”

There may be times when it is necessary because of some emergency to dismiss school early. Parents are urged to make arrangements with a neighbor or friend so that the child will have a place to go if the parents are not home. ~~The District may choose to make-up a maximum of three (3) days via online lessons and/or alternate make-up plan.~~

The District uses School Messenger to CALL all parents and guardians to notify them of weather delays or cancelations. It’s imperative that your phone number is correct in Home Access. The calls will go to PRIMARY numbers only, so be sure you have the number you want emergency calls to go to listed as your primary number. Parents and guardians may also sign up for our Text Messaging Service. We utilize School Messenger system to deliver text messages, straight to your mobile phone with information about events, school closings, safety alerts and more.

Emergency School Closing—If it becomes necessary to close, dismiss early or delay the opening of schools due to unexpected emergencies or inclement weather, announcements will be made over the following radio and television stations:

AM Radio: 610 WTVN, 820 WOSU, 920 WMNI & 1230 WCOL Real Oldies

FM Radio: 89.7 WOSU, 90.5 WCBE, 92.3 WCOL, 93.3 Lite, 94.7 Sunny 95, 95.5 WHOK, 96.3 WLVQ, 97.9 WNCI, 99.7 WBZK, 103.5/104.3 WNND, 103.9 WTDA, 105.7 The Brew, and 107.9 WVMX The Mix

Television: WBNS/ONN Channel 10, WCMH Channel 4, WOSU Channel 34, WSYX Channel 6 and WTTE Fox 28

FEES

A fee for consumable materials and supplies used in the instructional program is established at the beginning of each school year and may vary as the cost of materials and supplies fluctuates.

FOOD/DRINKS IN THE BUILDING

All food and drink is to be consumed in the **Commons Area only**. This applies to before, during and after school. The academic area, hallways, lobby entrances and courtyard are not to be used for food or drink consumption without permission. Food brought **or ordered** in from any outside eating establishments shall **not** be allowed without prior approval. Complaints about lunch should be channeled through the Food Service Committee or Student Council/Senate.

GENERAL SCHOOL OPERATION

FOOD SERVICES

Students are not permitted to leave the premises for lunch. All students will eat in the cafeteria.

Breakfast—Hilliard City Schools provides a breakfast program to all students in all schools in accordance with federal regulations. For pricing and menu information, please check with your child's school, or see the Parents section of the district's website at www.hilliardschools.org.

School Lunch Program—In conjunction with Aramark, Hilliard City Schools offers a hot lunch service daily featuring a variety of items. Menus and pricing information is available on the district's website under the Parents tab, but can be found directly at www.hilliardschools.org/schools/menus/. Lunches may be purchased with cash at the cashier or by an automated prepaid account. Charges will only be permitted on an emergency basis.

Prepaid Lunches—We encourage parents to prepay for lunches in order to limit the exchange of money during the time-limited lunch period. Each student is assigned a meal account with a Personal Identification Number (PIN), and the total dollar amount of the food selected each day is deducted from the account upon entering the PIN at the cashier's stand. Aramark will notify families when an account has a negative balance.

There are two types of accounts:

1. Meal Accounts are for meals only
2. General Accounts are for meals and/or snack items

Prepaying can be done in one of two ways:

1. Cash or Check
 - Please send a sealed and labeled envelope to the school office with the following information on the front of the envelope:
 - o Student's name
 - o Student's PIN
 - o Total amount of money included
 - o Type of account (Meal or General) in which the money should be placed
2. MyPaymentsPlus (www.mypaymentsplus.com)
 - Once registered with MyPaymentsPlus, you can access the system 24/7 via the internet or by phone (where available, pay with check, VISA or MasterCard. Please check website for current transaction rates.
 - To create an account online:
 - o Go to www.mypaymentsplus.com
 - o Click on "Register" and complete the registration process
 - o Select state (OH) and school district (Hilliard)
 - o Enter your child's Hilliard City Schools Student ID number
 - o Finish the transaction using the directions received in the email confirmation.

Free and Reduced Pricing

Forms to determine qualification for the Free and Reduced-price Lunch Program are available in all school offices. If your child receives free or reduced lunch, the computerized cashier's station protects confidentiality.

GUIDANCE

Students needing to see a guidance counselor should report to the guidance office and schedule an appointment with a guidance secretary. All appointments are to be scheduled before school, during lunchtime, after school, or during a study hall. An emergency is an exception.

GENERAL SCHOOL OPERATION

HEALTH SCREENINGS

The HCSD nursing staff, in accordance with the Ohio Department of Health and the Ohio Department of Education guidelines, conducts health screenings. Referral forms will be mailed home to parents when further evaluation is recommended.

INOCULATIONS OF STUDENTS

Students enrolled in grades K-12 are required to have written proof on file at their school verifying that they have been immunized against diphtheria, tetanus, pertussis, poliomyelitis, measles, mumps and rubella, hepatitis B, varicella (for grades K-10) and meningococcal (for grades 7 and 12 beginning 2016-2017 school year). The varicella immunization requirement is progressive up to the 2018-2019 school year when it will be required for all students in grades K through 12.

Students who are not in compliance may be excluded from school attendance no later than the fifteenth day after admissions. Compliance with any current Ohio Department of Health requirement will supercede our current practice until such time as Board policy can reflect such update.

Students who have received at least one of each of the following immunizations may remain in school: diphtheria, tetanus, pertussis (DPT/DT/Td); polio vaccine (OPV or IPV); measles, mumps, rubella, hepatitis B vaccine (Hep B), and varicella (for grades K-10). However, they must make satisfactory progress in completing all the required vaccines to maintain their "in process" status. Failure to do so is cause for exclusion from school attendance.

Exemptions include students who present a written statement that immunization is objectionable for religious reason or other reasons of "good cause". Similarly, a student is exempt if he/she presents a physician's statement that immunization against a particular disease (or all diseases) is "medically contraindicated". A history of measles, mumps and/or varicella disease may be substituted for the measles, mumps, and/or varicella vaccinations. However, a history of rubella disease may not be substituted for rubella vaccine, except that laboratory test results, submitted by a physician, demonstrating detectable rubella antibody will be accepted in lieu of vaccination.

LOCKERS

Lockers will be assigned to students at the orientation sessions or the beginning of the school year. No student is to change this assignment without approval from the office. To avoid congestion in the hallways, students are encouraged to go to their lockers **before school, at lunchtime, and after school**.

If a locker is damaged the student using the locker **must** pay for replacement. **The locker should be kept locked at all times.** Students are responsible for the care of their lockers and will be charged for damages. You will find that your locker will operate best and your belongings will be kept safe if you follow these precautions:

1. Do not release your combination to anyone.
2. Do not "set" your lock so that it can be opened by dialing only the last number.
3. Always be sure that nothing obstructs the door or the latches in such a way that you must force the door closed.
4. Avoid leaning or hanging on the door once it is open.
5. Close the door gently and turn the lock dial a couple turns upon closing the locker--do not slam the door.
6. Promptly report any problem you have with your locker to the office. Please do this in writing, including your name, locker, and the nature of the problem.
7. The Student Conduct Code prohibits possession and/or transmission of pornographic material. Lockers are included in this instance. Please do not display any explicit or suggestive graphics, drawings, photographs, etc.

GENERAL SCHOOL OPERATION

8. Students are asked not to decorate their lockers with any items, which could mar the finish of the locker on the inside or the outside (i.e. no self-adhesives). Magnets should be used to hang mirrors and other items. Please use only masking tape on the exterior of lockers.

- School lockers are the property of the Board of Education. The student's use of the locker does not diminish the school district's ownership or control of the locker.
- Lockers and the contents of all lockers are subject to random search at any time without regard to whether there is a reasonable suspicion that any locker or its contents contains evidence of a violation of a criminal statute or a school rule.
- A copy of this policy must be posted in a conspicuous place in each school building that has lockers. Disciplinary action will result for rule violations.

MEDIA CENTER

The Media Center is open to students and staff throughout the day and before and after school according to the hours posted. Use is afforded to everyone under the following circumstances:

- During study hall and lunch
- In the company of a classroom teacher
- With a pass from a classroom teacher

The number of study hall students will be limited if numbers are excessive, and sign-in procedures are distributed to students at the beginning of each semester. Failure to follow these procedures may result in discipline.

Students should be aware of rules and procedures posted in Media Center. General services and procedures are outlined in a brochure which is given to all incoming Freshman and is also available at the circulation desk. Student use of technology is further outlined in the Student Handbook. Failure to comply with these procedures may result in library suspensions. Student ID's are required to checkout all library materials and textbooks.

NON-DISCRIMINATION STATEMENT

No student shall, on the basis of sex, gender, sexual orientation, marital or parental status, pregnancy, race, color, ethnicity, national origin, religious belief, economic status, military status, age, or handicap disability be denied the opportunity to participate in, or obtain the benefits of any educational program offered by the Hilliard City School District.

A copy of the procedure by which a student (or his/her parent) may formally lodge a complaint of discrimination is available in the school office, the school library, and the office of the Superintendent.

To be certain that all non-discrimination policies and procedures are administered properly, the Board of Education has appointed Assistant Superintendent, Leslie McNaughton, to act as the District's compliance officer/civil rights coordinator of such policies and procedures. Concerns or questions may be directed to her office at 2140 Atlas Street, Columbus Ohio, 43228, telephone (614) 921-7000.

GENERAL SCHOOL OPERATION

504 NON-DISCRIMINATION ON THE BASIS OF DISABILITY

Hilliard City Schools regularly reviews and updates its policies and procedures. In fact the district's 504 (Non-Discrimination on the Basis of Disability) policies and procedures have been updated and are available online at www.hilliardschools.org/departments/pupil.cfm. Hard copies are available at the district's Central Office, 2140 Atlas Street, Columbus, OH 43228 and/or your child's school.

Grievances concerning any violation of this policy should be submitted in writing to Hilliard City Schools, Attn: Director of Student Support Services, 2140 Atlas Street, Columbus, OH 43228 or by calling (614) 921-7000.

PHOTO PERMISSION

From time to time, Hilliard City School District staff take pictures or video of students in their learning environments. The photographs and videos can be used in a variety of publications to document programs. The images may appear in, but not limited to, staff newsletters, community newsletters, media releases and the district website. While we make every attempt to work with the media, they may also take incidental photos and/or videos of students in situations we cannot control.

The district keeps a record of students who do not have permission to be photographed. Kindergartners and new enrollees receive the photo consent form in their registration packets. Parents who wish to change their child's record should contact the office of the school their child attends.

PUBLICATIONS

Publications such as the student newspaper, literary magazine and year book are connected to the overall school program and subject to editorial control by the school's authorities in compliance with Board policy.

REGULATIONS REGARDING DISPENSATION OF PRESCRIPTION MEDICATION

It is the student's responsibility to come to the office to receive his/her medication. New authorization forms must be submitted at the beginning of each school year.

1. Students needing medication will be encouraged to receive the medication at home, if possible.
 - A. Each person or persons designated to administer any prescription or non-prescription medication will receive a statement signed by both parent/guardian and physician which includes all of the following information:
 - (1) the name and address of the student
 - (2) the school and class in which the student is enrolled
 - (3) the name of the drug and the dosage to be administered
 - (4) the times or intervals at which each dosage of the drug is to be administered
 - (5) the date on which the administration of the drug is to begin
 - (6) the date on which the administration of the drug is to cease
 - (7) any severe adverse reactions which should be reported to the physician and one or more telephone numbers at which the person who prescribed the medication can be reached in case of an emergency, and
 - (8) special instructions for administration of the drug, including sterile conditions and storage.
 - B. The parent/guardian agrees to submit a revised statement signed by the parent/guardian and physician if any of the information originally provided to the school changes.
 - C. The medication will be received at school in the container in which it was dispensed by the prescribing physician or other licensed professional. The medication and dosage listed on the label must be identical to the authorization form. Parents are responsible for keeping record of the amount of medication at school and for sending more when needed.

GENERAL SCHOOL OPERATION

- B. Students who self-administer (carry on their person) asthma inhalers and/or epi-pens must have the medication authorization form completed by their physician and parent stating they may do this.
- C. Students with diabetes are permitted to attend to self-care and management of his/her diabetes if the student's physician completes the medication authorization form and the parent states they may do this.
2. The person designated by the Board will establish a location in each school building for the storage of drugs to be administered. All such drugs shall be stored in that location in a locked storage place. Drugs which require refrigeration may be kept in a refrigerator in a place not commonly used by students.
 3. No person who has been authorized by the Board to administer a drug and has a copy of the most recent statement which was given to him prior to administering the drug will be liable for administering or failing to administer the drug, unless such person acts in a manner which constitutes gross negligence or wanton or reckless misconduct.
 4. Each medication that is given should be documented on the medication record form for the corresponding student.
 5. The person designated to give medication should receive training by the school nurse. The school nurse will periodically monitor and provide instruction pertinent to the medication.
 6. The person giving medication should review the authorization form prior to administration for special instructions and possible side effects.
 7. All school personnel must be informed that the administration of any drug (prescription or over-the-counter) without the order of the physician and the permission of the parent/guardian could be interpreted as practicing medicine and is prohibited by law.
 8. All medication remaining in the building after the last day of school will be discarded.

**It is the student's responsibility to come to the office and receive his/her medication.
New Authorization forms must be submitted at the beginning of each school year.**

REGULATIONS REGARDING DISPENSATION OF NON-PRESCRIPTION MEDICATION

1. Students in grades 7-12 may self-administer a non-prescription/over-the-counter medication at the parent's discretion. The student's parent must send a note with the student stating the name of the medication, dose, time it is to be taken, date it is to be taken and then signed by the parent. The student may only carry a one-day supply of medication on his/her person. No such medication shall be given to another student.
2. School personnel will not be responsible for administration or supervision of non-prescription self-administered medication.

GENERAL SCHOOL OPERATION

RESTRICTED AREAS OF THE BUILDING AND GROUNDS

Certain areas of the school and school grounds have been declared off limits to students. The reason for such restrictions is to preserve the welfare of all and to aid in supervision. The following areas are off limits, unless supervised by a faculty member:

Mechanical rooms (i.e., boiler room, electrical rooms and elevator), front/back entrance areas, computer labs, locker rooms, department offices, parking lot*, ponds, faculty restrooms, storage and supply areas, staff work/resource areas and copier rooms.

Students are not to congregate in the academic wings during lunchtime, but are to remain in the cafeteria or in the courtyard, when weather permits. Students are not allowed to leave the building at any time including lunch without approval through the office. *Students are to leave their vehicles immediately after parking. There is to be no loitering in the parking lot.

SCHOOL INSURANCE

A school insurance program is available to all students for purchase. The insurance can be used as a secondary policy and protects your child against accidents that may occur on school property during the school day. Any student participating in extra-curricular activities, must either have school insurance or provide a note, signed by his/her parent or guardian, stating that the parent or guardian will assume full responsibility for medical expenses.

SIGN POSTING POLICY

Student leaders and activity advisors must have their signs approved before they are displayed in the hallways and common areas.

Notices, advertisements or written matter of any nature on behalf of persons or organizations not officially connected with the District shall not be distributed or displayed in any school building or on District property without permission of the superintendent. All notices, including those by faculty and staff, shall be approved by the building principal and, in case of doubt, by the Superintendent or his designee. Appeal of the Superintendent's decision may be made to the Board.

SURVEILLANCE CAMERAS

Students are duly informed their behavior on school property and/or adjacent property may be monitored by security cameras. This can be used for disciplinary proceedings. The administration provides prior notice to staff, students and parents/guardians that electronic surveillance may occur on school property or in school vehicles. In addition, appropriate signs are posted in building entrances and at other locations deemed appropriate by the administration to inform visitors that electronic surveillance may occur on district property.

VISITORS

Parents are encouraged to visit school. We ask that if they plan to visit a class, they make arrangements with the teacher a day or two in advance. All visitors to the school must report to the office for a visitor's pass.

School-aged visitors are not permitted to attend school in the company of a student.

GENERAL SCHOOL OPERATION

VOLUNTEERS

The protection and well-being of the students enrolled in Hilliard City Schools is paramount. To that end, a background check and ID badge is required for all volunteers who may be left alone with students.

The Hilliard City Schools Department of Human Resources has partnered with Background Investigation Bureau (BIB) to perform all background checks. Secure Volunteer is an easy to use online system created to help us manage volunteer screening. Secure Volunteer is powered by Background Investigation Bureau, a nationally recognized screening firm founded in 1995. Just go to our district website and click on the Parent Tab. Then scroll down to parent information and you will see volunteer. Click on volunteer and follow the steps to submit your volunteer background check.

The background check process is electronic and takes about five minutes to complete and is a secure portal. Results are returned to the school district within a few days. You will receive notifications via email about status and approval. Once your results are returned with no disqualifying events, you will be put into our master database and receive a Secure Volunteer ID card from BIB that will be sent to your home address. You need to bring your ID card and a government issued photo ID to all volunteer events.

Beginning in July 2015, volunteers will be required to renew their badges every 3 years. A letter will be sent out to each volunteer when their badge expires. At that time, a new background check will be required and a new badge will need to be issued. The cost for the renewal badges will remain the same as a new badge (see above).

STUDENT ATTENDANCE REGULATIONS

REPORTING AN ABSENCE

Call the school attendance office before 9:00 AM to report an absence.

- Before and after school and during the weekends our voicemail system will take your call. Please leave the students name, grade level and reason for being absent. It is often helpful if the student's last name is spelled out.
- Parents will be notified of any student absence by the auto-dialer beginning at 6:00 p.m. Parents are urged to call the attendance office with any questions that may arise due to an auto-dialer call.
- In the event a parent has been unable to call the school we ask the parent to send in a note to the attendance office. We ask parents to send in these notes before three days have passed to avoid their student not being able to secure make-up work.
- Forgery of notes or absence reports may result in a suspension.

Only the administration can authorize absences from school. An explanation for an Absence by the parent or guardian of a student does not constitute an authorized absence under O.R.C. guidelines.

TYPES OF ABSENCES

1. **Official Absence**—Doctor or dental appointment that is verified by a medical statement, required court appearance verified by a document, funeral, observance of religious holiday or a pre-approved college visit or family vacation are all considered to be Official Absences. These do not count in the 6-day absence policy but only with proper verification. However, these absences do count against perfect attendance.
2. **Absence**—Personal illness, illness in family, and family emergencies are considered absent. However, we must receive notification from a parent/guardian to upgrade from an unexcused absence. Work missed may be made up without penalty. Regular attendance is mandatory. However, if illness or other absences cause a student to miss school or classes, it is the student's responsibility to make arrangements to make up the work missed. The student will be allowed one day make-up for each one day absent. Students will be allowed to make up work for days missed up to two (2) days per grading period. The days of absence covered by a medical excuse will not count against the 2 days per grading period. All make-up work extended beyond ten (10) school days will require administrative approval. **An absence does count toward the 6-day absence policy.**
3. **Unexcused Absence/Truancy**—Any student who is absent from school/class without his/her parent's permission/ notification or is absent from an assigned area within the school is unexcused/truant.
 - ~~Disciplinary action may result from unexcused absence.~~
 - The Board authorizes the Superintendent to establish a hearing and notification procedure for the purpose of denying a student's driving privileges if that student of compulsory school age has been absent without legitimate excuse for more than ~~10~~ **60 consecutive days hours during a school month (10 days)** or a total of at least ~~15~~ **90 days hours during a semester or term school year (15 days)**.

STUDENT ATTENDANCE REGULATIONS

~~Any student unexcused/truant may be liable for punishment as follows:~~

- ~~• Detention—Before, During or After School (including any non-school day)~~
- ~~• In-school Suspension~~
- ~~• Out-of-school Suspension~~
- ~~• Filing with Juvenile Court System~~

ATTENDANCE SUPPLEMENTAL CODES

1. **Personal Illness (Absence)**—Personal illness, illness in family, and family emergencies that follow the proper procedures above for reporting an absence.
2. **College Visits (Official)**—Seniors and juniors are permitted up to 3 absences during the school year to visit a college/university. Sophomores and freshmen must have prior approval from the college counselor to take a school recognized visit. Seniors may not apply for a college visit after May 1st.
3. **Family Vacation**—It is recognized that planned family trips often provide enrichment to regular classroom instruction. It is further recognized that employers cannot always grant vacation periods which fall within the school vacation and holiday period and for families to be together, some trips must necessarily be schedule during the academic year.

Application for approval (JED-E) must be made by a parent of guardian at least two weeks in advance. If the student is not a member of the immediate family, his/her parent or guardian must complete the application. Each student is limited to one approved trip of 10 school days or less per school year without loss of academic standing, provided proper assignment make-up work is completed, including tests and final examinations. More than one trip with a cumulative of 10 days or less may be approved by the building principal or his/her designee. Trips of more than 10 school days shall not be approved except in extraordinary circumstances as determined by the building principal or his/her designee. **If a student is absent for family travel outside of the ten (10) days of excused absences allowed by the District/ he/she will be considered unexcused from school and subject to truancy regulations. The school district may be obligated to report the parent/guardian to the Franklin County Juvenile Court System and file lack of compliance with the compulsory education rules.** Communication with the school and family is crucial and attempts can be made to design online or other opportunities when applicable. ~~If no status is communicated after the time involved, in accordance with state standards, the parents will need to re-enroll the student upon return.~~

4. **School Business**—(does not count toward 6 day policy)
Field trips, performing arts, voting booth, shadowing and anything deemed school-related are considered "School Business." Students will be issued a school business/field trip permission form by the teacher prior to the event. These forms must be signed by a parent/guardian and all applicable teachers, and returned to the teacher organizing the event at least 24 hours prior to the absence. The teacher will supply the attendance office with an alphabetized list of students attending the event. School business does not count as an absence on the student's record.
5. **Suspensions**—(does not count toward 6 day policy)
 - **Out of school (OSS)** suspensions do not count against the student in the 6-day policy, however, students may not receive credit for missed work. Exceptions may be made at the discretion of the principal involved.
 - **In school suspension (ISS)** students report to the in-school suspension room and are allowed to make up work and are not counted as absent for the day, or from class.

STUDENT ATTENDANCE REGULATIONS

HALF DAY/FULL DAY ABSENCE

Students arriving after 1st period and before the end of 3rd period will be considered absent half day. Students arriving from the beginning of 4th period on will be considered absent a full day.

6-DAY ABSENCE POLICY

- Achievement and attendance are highly related. As a result, attendance records become a significant factor in awarding credit to students at the close of each grading period.
- A student may receive an F or may lose privileges to attending in school performances or extracurricular activities if he/she accumulates more than 6 total class absences, absent or unexcused, excluding official absences during any nine-week grading period.
- Class absences are not cumulative and do not carry over from one nine-week grading period to another.
- When a student accumulates 4 & 6 class absences, the parent will be notified by letter.
- *If a student misses more than 15 minutes of a class, this is considered a class absence.*

18-YEAR OLD STUDENT

Students who are 18 years old or older are required to follow all school practices and procedures as specified in this Student Handbook. Our high school only recognizes parental/guardian authority when dealing with school procedures such as mailings, grades, absences, early dismissals, or any other similar documentation. **Students who are 18 years old or older may be withdrawn from school for excessive unexcused absences.**

ENTERING/LEAVING BUILDING

- Students are not to enter or leave the building during school hours without reporting to the attendance office.
- **Failure to sign in or out of school will result in disciplinary action.**
- Phone calls or notes from a parent to excuse a student **AFTER** they have left the building will not be accepted.

EARLY DISMISSAL

(Leaving and/or returning for the remainder of the day)

- A note/or phone call must be received by the attendance office prior to a student leaving. The note must be signed by a parent or legal guardian, with the student's name, time of early dismissal, and a phone number where the parent can be reached for confirmation.
- Students must sign out through the attendance office before leaving the building. **Failure to sign out will result in disciplinary action and early dismissal may be made unexcused.**
- In case of emergency, a parent must come into the building and sign a student out of school through the attendance office.
- A student gone one period or less on an early dismissal will not be counted absent on the daily attendance record.
- **Students gone two or three periods will be counted a half day absent. Students gone more than three periods will be counted a full day absent.**
- Alternate procedures may apply for days preceding major holidays, breaks, or special event days. No early dismissal notes or calls will be accepted on these days. All notes for early dismissals must be submitted one school day prior to this day or parent must come in and sign student out.

STUDENT ATTENDANCE REGULATIONS

ILLNESS AT HOME/SCHOOL

A student who has any of the following symptoms should not attend school:

- a fever of 100 degrees or greater
- an undiagnosed rash
- an earache or draining ear
- diarrhea or vomiting
- severe sore throat
- persistent or severe cough
- persistent or severe headache
- known communicable disease
- pink eye

When reporting student absences, please report any communicable disease that the student may have. Parents are encouraged to contact the school nurse at any time to discuss health concerns of their student.

If a student becomes ill at school

- A school certified school nurse is on duty each day.
- Students must obtain a written pass from their teacher before coming to the clinic.
- All students will be assessed in the clinic if they are ill or injured. Students are not permitted to call home/parent. The nurse on duty will contact the parent.
- If it is determined that the student needs to go home, the certified nurse on duty or the principal's designees will contact the parent/guardian using the information provided on the emergency card on file in the school office.
- No student may be released from school without direct contact with a person authorized on the student's emergency card.
- Students **must** sign out at the attendance office before leaving the building
- If your child is sent home with a fever of 100 degrees or greater, or with diarrhea or vomiting, they must be symptom free without medication for 24 hours before returning to school.

TARDIES

Tardiness to School - Any student arriving between 7:40 and 8:00 will sign in with the attendance officer handling tardies and is marked tardy by the teacher.

- Any student entering school after 8:00 AM must report directly to the attendance office designee for a class admittance slip. The student will be considered absent from 1st period. Any student who arrives after 1st period needs to sign in at the Attendance Office.
 - If a written note from a parent is presented with a valid absence reason (see types of absences), the tardy will be considered excused and the student will be allowed to make up any missed work. However, the student will still be considered tardy.
 - **Oversleeping and transportation issues are not "excused" reasons.**
- Any student arriving to school during first period is considered tardy to school.
- **The attendance office records a tardy, regardless of the reason, as a tardy. All tardies, excused or unexcused, count toward disciplinary action, excluding official absences.**
- All students on a delayed schedule— A late arrival to 2nd or 3rd period class up to 15 minutes will result in a tardy. After 15 minutes to the end of 3rd period will be considered .5 day absent. Students arriving from the beginning of 4th period on will result in a full day absence. Students on these schedules must understand a delayed/special schedule is a privilege and must adhere to guidelines established by administration.

Chronic tardiness will result in stronger discipline.

A student arriving more than 15 minutes late to class may be counted absent for that class.

STUDENT ATTENDANCE REGULATIONS

TRUANCY

Board policy JEDA provides two separate definitions of truancy. They are:

The parent/guardian is required to have the child attend school immediately after notification. If the parent/guardian fails to get the child to attend school, the school may send notice requiring the child's parent/guardian to attend a parental educational program.

- **A habitual truant** is any child of compulsory school age who is absent without a legitimate excuse for ~~five~~ **30** or more consecutive school days ~~hours (5 days), seven~~ **42** or more school days ~~hours (7 days)~~ in one month or ~~12~~ **72** or more school days ~~hours (12 days)~~ in a school year.
- ~~**A chronic truant** is any child of compulsory school age who is absent without legitimate excuse for seven or more consecutive school days, 10 or more school days in one month or 15 or more school days in a school year.~~

Students and parents will be notified when the school has determined their child to be truant. A conference will be held either with the attendance officer or an administrator. Repeated instances of truancy after this conference will lead to filing a complaint jointly against the student and parent with juvenile court.

Regarding "habitual truants," the Board's designee must take as an intervention strategy any appropriate action contained in Board Policy JEDA. When a student's absences surpass the threshold for a habitual truant, the principal or the Superintendent/designee assigns the student to an absence intervention team. The team will develop a specific intervention plan to work to reduce or eliminate further absences. By law, the plan shall include a statement the District will file a complaint in juvenile court if the student refuses to participate or fails to make satisfactory progress.

COMPULSORY EDUCATION

Section 3321.04 of the Ohio Revised Code provides that every parent, guardian, or other person having charge of any child of compulsory school age must send such child to a school which conforms to the minimum standards prescribed by the State Board of Education for the full time the school attended is in session. Such attendance must begin within the first week of the school term, or within one week of the school term, or within one week of the date on which the child begins to reside in the district. The statutes governing school attendance are very specific and leave little option for school authorities to excuse children from school. The following constitutes reasons for absence from school:

1. Personal Illness. The approving authority may require the certificate of a physician if he/she deems it advisable.
2. Illness in the family. The absence under this condition shall not apply to children under fourteen years of age.
3. Quarantine of the home. The absence of a child from school under this condition is limited to length of quarantine as fixed by the proper health officials.
4. Death of a relative. The absence arising from this situation is limited to a period of three days unless a reasonable cause may be shown by the applicant child for a longer absence.
5. Work at home due to absence of parents or guardians. Any absence arising because of this situation shall not extend for a period longer than that for which the parents or guardians were absent.
6. Observance of religious holidays. Any child of any religious faith shall be excused if his/her creed or belief.
7. Emergency or set of circumstances which in the judgment of the Superintendent constitutes a good and sufficient cause for absence from school.
8. Field trips or school activities. Absence as a result of an approved field trip or school-sanctioned or sponsored activity shall be an excused absence.

STUDENT CONDUCT

STUDENT CONDUCT: ZERO TOLERANCE

This code of conduct is in effect while students are under the authority of school personnel or involved in any school activity. This includes but is not limited to school buses and property under the control of school authorities, and while at interscholastic competitions, extracurricular events, or other school activities or programs. In addition, this Code of Conduct includes:

1. Misconduct by a student that occurs off school district property but is connected to activities or incidents that have occurred on school district property; and
2. Misconduct by a student that, regardless of where it occurs is directed at a district official or employee or the property of an official or employee.

Students are expected to conduct themselves in such a way that they respect and consider the rights of others. Students of the District must conform to school regulations and accept directions from authorized school personnel. The Board has “zero tolerance” of violent, disruptive or inappropriate behavior by its students.

A student who fails to comply with established school rules or with any reasonable request made by school personnel on school property and/or at school-related events is subject to approved student discipline regulations. The Superintendent or designee develops regulations, which establish strategies ranging from prevention to intervention to address student misbehavior.

Students and parents annually receive, at the beginning of the school year or upon entering during the year, written information on rules and regulations to which they are subject while in school or participating in any school-related activity or event. The information includes the types of conduct which are subject to suspension or expulsion from school or other forms of disciplinary action. The Board directs the administration to make all students aware of the student code of conduct and the fact that any violations of the student code of conduct are punishable. The school administration has the right to talk to a student without parent/custodian knowledge and/or consent.

A student may be expelled for up to one year if he/she commits or threatens an act that inflicts serious physical harm to persons or property if it was committed at school, on other school property or at a school activity, event or program.

If a student violates this policy or the code of conduct, school personnel, students or parents should report the student to the appropriate principal. The administration cooperates in any prosecution pursuant to the criminal laws of the State of Ohio and Local ordinances.

STUDENT RIGHTS AND RESPONSIBILITIES

The student Code of Conduct is made available to students and parents and is posted in a central location within each building.

The Board recognizes that it has the responsibility to assure students the legal rights that are theirs by virtue of guarantees offered all persons under the federal and state constitutions and statutes. In connection with these rights are responsibilities that must be assumed by the students. The Board understands that:

1. Students have the right to quality education and a responsibility to put forth their best efforts during the educational process.
2. Students have the right to expect school personnel to be qualified in providing a good education.
3. Students have the responsibility to respect the rights of other students and all persons involved in the educational process.

STUDENT CONDUCT

The Board delegates to the superintendent and his administration, assisted as necessary by additional personnel, the responsibility for developing and publishing the specific regulations which will apply to students' rights and responsibilities in school. The Board may, at the recommendation of the superintendent, adopt as its own policy certain rules for student behavior and/or discipline. All regulations concerning student conduct, whether adopted by the Board or issued by the administration, shall be made known to students, who shall be held accountable for compliance with them.

ACADEMIC INTEGRITY

We believe the students, staff, and community are stakeholders in the climate and culture of our school. The school was founded on the belief that all students can and must learn in order to achieve success in our society. The community and staff further believe that success begins with personal and academic integrity, which are grounded in honesty, trust, fairness, respect, and responsibility.

Plagiarism/cheating is a serious offense because it halts the very experience which education tries to nurture: independent processing of ideas. In stealing from sources, students kill the imagination, thwart the thinking process, and dishonestly present ideas and words which are not their own as if they were.

Students are, therefore, expected to develop and evolve as independent writers and thinkers. Students who use the work or ideas of others as a substitute for their own will be penalized in accordance to school policy. Plagiarism/cheating will result in administrative discipline and possible loss of privileges and positions of leadership.

Absolute integrity is expected of everyone. Academic and personal integrity entail a firm adherence to a set of values essential to an academic community grounded in honesty, trust, fairness, respect, and responsibility for all.

Our faculty believes in the statement below and is encouraged to include it on all course syllabuses:

As a student of integrity, you will neither give nor receive unauthorized aid in class work, quizzes, examinations, preparation of reports or projects, or in any other work that I use to evaluate you without specific permission for collaboration or without proper citation. All work may be submitted to a variety of sources to check for plagiarism.

Hilliard City Schools' High School Student Honor Statement:

As a student of integrity in the Hilliard City Schools, I have neither given nor received unauthorized aid on this assignment.

COLLABORATION

Collaboration is a valuable tool for 21st century learners. However, when collaboration is not explicitly required/requested by the instructor, students are expected to complete and turn in their own work to the best of their ability.

ACADEMIC MISCONDUCT

Academic Integrity/Cheating: Presenting someone else's work as one's own in order to obtain a grade or credit is considered to be cheating. This includes, but is not limited to, copying others assignments, quiz or test answers, **screen shots, air drop, social media and/or other forms of technology**, and plagiarism/internet plagiarism. Students who violate this policy may be subject to further behavioral consequences by an administrator or teacher.

STUDENT CONDUCT

STUDENT CONDUCT

Restraint

Physical restraint may not be used as a form of punishment or discipline, or as a substitute for other less restrictive means of assisting a student in regaining control. The use of prone restraint is prohibited. This policy does not prohibit the use of reasonable force and restraint as provided by ORC 3319.41.

Restraint may be used only:

- if a student's behavior poses an immediate risk of physical harm to the student or others and no other safe or effective intervention is available;
- if the physical restraint does not interfere with the student's ability to breathe;
- if the physical restraint does not interfere with the student's ability to communicate in the student's primary language or mode of communication and
- by school personnel trained in safe restraint techniques, except in the case of rare and unavoidable emergency situations when trained personnel are not immediately available.

Seclusion

Seclusion may not be used as a form of punishment or discipline, for staff convenience or as a substitute for other less restrictive means of assisting a student in regaining control.

Seclusion may be used only:

- if a student's behavior poses an immediate risk of physical harm to the student or others and no other safe or effective intervention is available;
- as a last resort to provide an opportunity for the student to regain control of his or her actions;
- for the minimum amount of time necessary to protect the student and others from physical harm;
- in a room or area that is not locked, does not prevent the student from exiting the area should the staff member become incapacitated or leave, and that provides adequate space, lighting, ventilation and the ability to observe the student and under the constant supervision of trained staff able to detect indications of physical or mental distress that require removal and/or immediate medical assistance, and who document their observations of the student.

Repeated Dangerous Behaviors

The District conducts functional behavioral assessments for students who repeatedly engage in dangerous behavior that leads to instances of restraint and/or seclusion to identify students' needs and more effective ways of addressing those needs. Behavioral intervention plans that incorporate appropriate positive behavioral interventions are created when necessary.

Data and Reporting

Each incident of restraint is immediately reported to the building administrator and the student's parent. Each incident of seclusion or restraint is documented in a written report, which is made available to the student's parent. The District maintains written reports of seclusion or restraint. These reports are educational records under the Family Education Rights and Privacy Act.

The District annually reports information concerning the use of restraint and seclusion to the Ohio Department of Education (ODE), as requested by ODE. If you wish to file a complaint, please contact the Director, Student Support Services at (614) 921-7000.

STUDENT CONDUCT

DANGEROUS WEAPONS IN THE SCHOOL

NOTICE: Unless otherwise authorized by law, pursuant to Ohio Revised Code section 2923.122, no person shall knowingly possess, have under the person's control, convey, or attempt to convey a deadly weapon or dangerous ordnance into a school safety zone.

The Board is committed to providing the students of the District with an educational environment which is free of the dangers of firearms, knives, chemical devices and other dangerous weapons (including "look alike" weapons).

The definition of a firearm shall include any weapon (including a starter gun) which will or is designed to or may readily be converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; or any destructive device (as defined in 18 U.S.C.A. Section 921), which includes any explosive, incendiary or poisonous gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one-quarter ounce, mine or device similar to any of the devices described above.

Students are prohibited from bringing a firearm on school property, in a school vehicle or to any school-sponsored activity. If a student brings a firearm on school property, in a school vehicle or to any school sponsored activity, the Superintendent shall expel this student from school for a period of one calendar year and notify the appropriate criminal justice or juvenile delinquency authorities. Any such expulsion shall extend, as necessary, into the school year following the school year in which the incident occurred. The Superintendent may reduce the one-year expulsion on a case-by-case basis.

Matters which might lead to a reduction of the expulsion period include: An incident involving a disabled student and the incident is a manifestation of the disability; the age of the student and its relevance to the punishment; the prior disciplinary history of the student; and/or the intent of the perpetrator.

Students are also prohibited from bringing knives on school property, in a school vehicle or to any school sponsored activity. The definition of a knife includes, but is not limited to, a cutting instrument having a sharp blade. If a student brings a knife on school property, in a school vehicle or to any school sponsored activity, the Superintendent shall expel the student from school, subject to the same conditions stated above.

The Superintendent may establish a community service program which may be performed in conjunction with, but not in place of, an expulsion imposed upon a student who brings a firearm or knife onto school property. The option of imposing community service in lieu of extending the expulsion into the following school year cannot be extended to a student who is expelled for doing so.

Students who wish to enroll in the Hilliard City Schools under Ohio Revised Code 3313.64 or 3313.65 but who have been expelled from another school district under Ohio Revised Code 3313.66, and the expulsion has not expired, may be offered an opportunity for a hearing with the Superintendent of the Hilliard City Schools.

Admission to the Hilliard City Schools may be temporarily denied by the Superintendent until the expiration of the expulsion period.

STUDENT CONDUCT

DETENTION

Detentions may be issued by teachers and/or administrators and will be supervised by the staff person assigning the detention.

Rules:

1. Students **MUST** provide their own transportation to and from Detention.

Violation of a Detention Rule will result in additional Saturday School/Detention/Loss of Privilege or out-of-school suspension.

An **Unexcused Absence** from Detention will result in an out-of-school suspension.

DISCIPLINE

The discipline procedures of the district shall be based on the premise that every student attending school is able to differentiate between right and wrong; that every student is aware that he/she is attending school primarily to learn and profit through the course of study; and that constituted authority and school regulations are necessary for the proper conduct of the schools. The Board recognizes that it has a solemn obligation to protect the public property entrusted to its care and to protect the rights and privileges of those students who sincerely desire to learn and who make an honest effort to do so.

Any student who demonstrates that he/she is unable to differentiate between right and wrong; who has no apparent desire to profit from the course of instruction; who has no regard for the rights of other students, or any combination of the above, is subject to severe disciplinary action, including exclusion from school.

Each building principal shall establish reasonable rules and regulations governing the discipline of students in his/her assigned area.

1. Regardless of assignment, each professional staff member shall share the responsibility for maintaining student discipline.
2. Discipline shall be firm and consistent.
3. Provision shall be made to prevent any student from committing an unlimited number of offenses.
4. The principal concerned shall have the responsibility of determining the degree of offense.
5. A complete discipline record, listing all major offenses, shall be maintained for each student.
6. The school administration has the right to talk to a student without parent/custodian knowledge and/or consent.

Each discipline situation should be considered on an individual basis, taking all available facts into account. There should be consistency in the administration of penalty and punishment for similar acts of misconduct.

STUDENT CONDUCT

In determining appropriate disciplinary action, the following consideration shall be applied:

1. Gravity of the offense as it potentially affects the educational community and the degree to which such conduct tends to interfere with achieving the objectives of the education process.
2. Whether the offense is a first or infrequent infraction, or one in a virtual continuum of offenses.
3. Whether alternate action, other than that otherwise considered usual and customary, would be in the best interest of the particular offending student and/or the school community generally.

School administrator has the right to move to third offense discipline where situation dictates.

DISRUPTION

Be aware that the principal shall be authorized to suspend from school any student who causes or participates in any disturbance or any disruption of any school class, program, or activity. The building principal concerned and other school personnel shall make every effort to protect the personal safety of students and adults and the safety of the property of the district during periods of student unrest when the orderly operations of the school is disrupted. The building principal concerned shall make every effort to return the school to an orderly operation as soon as possible after a disruption occurs.

DRESS CODE

The Hilliard City Schools Board of Education in accordance with ORC 3313.665 believes that school dress should be such that it ensures the health, welfare and safety of the members of the student body and enhances a positive image of our students and their schools. Any form of dress or grooming that attracts undue attention or violates the previous statement is obviously unacceptable. The following dress code rules are provided to students to assist them in selecting clothing and grooming practices which shall serve as an indication of their pride in themselves and in their school and should be considered in effect during the regular school day as well as at any academic awards or presentation activities. Violators are not allowed in class until clothes are appropriate.

1. Dress and grooming standards require cleanliness in the interest of health, sanitary conditions and safety requirements.
2. Attempts by students to call undue attention to themselves and/or disrupt the teaching-learning process shall not be permitted. This would include but not be limited to inappropriate or bizarre dress that presents a health or safety issue; distracting body piercing; gang related dress (including bandanas) or gang related jewelry, including chains; or any other inappropriate accessories.

ELECTRONIC DEVICES AND CELLULAR PHONES

Personal cell phones and other electronic devices may be used in the classroom for their technological advantages under the supervision and guidance of the instructor as it pertains to the lesson being taught. Cell phones should be turned off and kept secure in back packs when not being used under the supervision of an instructor. The school district is not responsible for the loss or damage of cell phones or personal electronic devices if parents elect to have their child bring one to school.

Any phone or electronic device will be subject to confiscation if it creates a disruption to the academic environment. A student using an electronic device which creates a disruption or refusing to follow a reasonable request from a staff member pertaining to the phone or device may be subject to disciplinary action. Staff will be the final judge of the appropriateness of their use. Using a cellular phone or an electronic device to film/record/take pictures of any student or staff member is prohibited.

HAZING & BULLYING POLICY

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Throughout this policy the term bullying is used in place of harassment, intimidation and bullying.

Bullying, harassment and intimidation is an intentional written, verbal, electronic or physical act that a student has exhibited toward another particular student more than once. The intentional act also includes violence within a dating relationship. The behavior causes both mental or physical harm to the other student and is sufficiently severe, persistent or pervasive that it creates an intimidating, threatening or abusive educational environment for the other student. This behavior is prohibited on school property, on a school bus or at a school-sponsored activity. Students found responsible for harassment, intimidation or bullying by an electronic act may be suspended.

Physical Bullying—The **repeated** use of force toward a person's body or personal belongings. Examples include, but are not limited to, hitting, punching, shoving, kicking, tripping, spitting, elbowing, shoulder checking, pinching, flicking, throwing objects, hair pulling, restraining, inappropriate touching, and damaging physical property.

Verbal Bullying—**Repeatedly** using negative and/or damaging words (including both spoken and written) toward or in regard to another person. Examples include, but are not limited to, negative comments, name calling, lies, rumors, racial slurs, teasing, cussing, threats, fake compliments and sexual orientation attacks.

Cyberbullying—**Repeatedly** using social media, email or electronic devices in a negative manner toward or in regard to another person. Examples include, but are not limited to, posting negative comments, fake profiles, sexting, making fun of photos, tagging photos, Twitter fights, posting negative videos, texting photos, negative status posts, hate blogs, hate pledges, texting rumors, hacking profiles, nasty emails and sending mean forwards.

Permission, consent or assumption of risk by an individual subjected to hazing, bullying and/or dating violence does not lessen the prohibition contained in this policy.

STUDENT CONDUCT

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices, or electronic means, are inconsistent with the educational process and are prohibited at all times. The District educates minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

No administrator, teacher or other employee of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage or engage in any hazing and/or bullying.

Administrators, teachers and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying and/or dating violence incidents are reported immediately to the **Superintendent principal** /designee and appropriate discipline is administered.

School administrators shall notify both the parents of a student who commits acts of harassment, intimidation, bullying and/or dating violence and the parents or guardians of students against whom such acts were committed, and shall allow access to any written reports pertaining to the incident, to the extent permitted by law.

The Superintendent/designee will provide the Board President with a summary of all reported incidents and post the summary on the District's website, to the extent permitted by law. Bullying report forms are available upon request.

The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students. Additional training is provided to employees in violence and substance abuse prevention and positive youth development.

District employees, students and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

HARASSMENT

Students are responsible to treat each other with dignity and respect. Any type of disrespectful comments or actions directed toward other students, whether intentionally or unintentionally, which cause interference with the educational process and opportunities of the school will be considered harassment.

The Board does not permit discriminatory practices and views harassment as a form of discrimination. Harassment is defined as intimidation by threats of or actual physical violence; the creation, by whatever means, of a climate of hostility or intimidation; or the use of language, conduct or symbols in such a manner as to be commonly understood to convey hatred, contempt or prejudice or to have the effect of insulting or stigmatizing an individual.

STUDENT CONDUCT

The following may be considered examples of sexual harassment. Any of the following conduct could be, but not limited to these behaviors which represent a violation of the student code of conduct:

- a. Unwanted hugs, touches, grabbing or brushing against another student.
- b. Unwanted sexual advances or other sexual comments such as sexually oriented gestures, noises, remarks or comments about a person's sexuality.

Students who feel they are being harassed either sexually or otherwise are responsible for bringing this to the attention of a staff member or administrator. If the harassment continues, stronger disciplinary measures may be taken. Administrators will conduct investigations when a complaint is made.

STUDENT DRUG, TOBACCO & ALCOHOL

Policy Statement

It is the Board of Education's primary concern that educational, co-curricular and extracurricular programs for all students proceed in an orderly and non-disruptive manner. Sale, use, or possession of drugs, counterfeit drugs, alcohol, or tobacco by students is an obstacle to this objective and interferes with the rights of students to receive quality academic instruction.

District is committed to working cooperatively with student and family to help provide beneficial alternatives. Information will be available about drug and alcohol counseling and rehabilitation and re-entry programs for students. Such District resources as student groups, parent groups, school psychologists, student assistance coordinator, core team and special transitional programs are to be encouraged, made available, and recommended. Students and parents will also be given information about outside agencies and encouraged to take advantage of their services and programs. Parents and students will be given a copy of the standards of conduct and the statement of disciplinary sanctions through Parent/Student Handbooks/CD. Compliance with these standards of conduct is mandatory for students.

Hilliard students shall not possess, use, sell, give or otherwise transmit, or be under the influence of any drug or alcohol. They shall not possess or bring on school property tobacco products, matches, lighters, or other paraphernalia normally associated with tobacco use. Tobacco use by students is prohibited in school buildings, in school vehicles, and on school grounds, at all times. Any type of drug paraphernalia is prohibited in school buildings, in school vehicles, and on school grounds. The Board prohibits the use or possession of electronic cigarettes, personal vaporizers and electronic nicotine delivery systems by any student in any area or vehicle under the control of the District or at any activity supervised by any school within the District. All items will be subject to confiscation.

This policy is subject to enforcement and/or disciplinary action:

1. On property owned, leased by, or under control of the Board, including vehicles for transporting students.
2. On any public or private property during scheduled school hours including recess, lunch and class changes.
3. At any school-sponsored or sanctioned activity or event away from or within the District.

Actions set forth below will be considered normal disciplinary measures for each category and occurrence of offense and shall be administered in accordance with the policies and regulations of the Board.

Students who voluntarily request assistance or counseling/self referral in situations where no offense, as specified below, has been detected, will not be subject to disciplinary action based on information divulged.

Where an offense has been detected, violations of school policy will not be excused because the student has requested counseling.

According to state law, the Superintendent has the option of notifying the registrar of motor vehicles or Franklin County juvenile judge whenever a student is suspended or expelled for drug and/or alcohol possession or abuse. This may result in the loss of the student's driver's license.

5. using the network for financial gain, for commercial activity or for any illegal activity;
6. accessing and/or viewing inappropriate material; and
7. using software or web sites intended to circumvent the district's web filtering system.

Because access to on-line services provides connections to other computer systems located all over the world, users (and parents of users who are under 18 years old) must understand that neither the school nor the District can control the content of the information available on these systems. Some of the information available is controversial and sometimes offensive.

The Board does not condone the use of such materials. Employees, students and parents of students must be aware that the privileges to access on-line services are withdrawn from users who do not respect the rights of others or we do not follow the rules and regulations established.

Along with monitoring the online activities of minors, the District will educate minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response. The Superintendent/designee will develop a program to educate students on these issues.

Students engaging in any of the behaviors described above are subject to severe penalties including:

1. Denial of access to computer and network equipment and resources
2. Verbal or written reprimand
3. Detention
4. Suspension
5. Criminal charges
6. Expulsion

Acceptable Use of District-Assigned iPad

The use of the Hilliard City School District's technology resources is a privilege, not a right. The privilege of using the technology resources provided by HCSD is not transferrable or extendible by students to other people or groups (such as siblings) and terminates when a student is no longer enrolled in the District. This policy is provided to make all users aware of the responsibilities associated with the efficient, ethical, and lawful use of technology resources. If a person violates any of the User Terms and Conditions named in this policy, privileges may be terminated, access to the school district technology resources may be denied, and appropriate disciplinary action shall be applied. The Hilliard City School District's Student Code of Conduct shall be applied to student infractions.

Students may not jailbreak, modify, or in any other way tamper with the iPad's operating system (iOS). Removing any or all installed Profiles is strictly forbidden.

Violations may result in disciplinary action up to and including suspension and/or expulsion for students. When applicable, law enforcement agencies may be involved.

Students will be responsible for the entire cost of repairs to iPads that are damaged intentionally, stolen, or lost. An iPad that is stolen must be reported immediately to the main office. The administration, technology department, and the appropriate law enforcement agency will conduct a full investigation and report.

STUDENT CONDUCT

Protecting and Storing your iPad Computer

Student iPads will be labeled in the manner specified by the school. iPads can be identified based on serial number. Do not remove your iPad's identifying labels or markings. Students are encouraged to take their iPads home every day after school, regardless of whether or not they are needed.

Cost to Repair or Replace your iPad

Hilliard City School District recognizes that with the implementation of the iPad initiative there is a need to protect the investment by both the District and the student/parent. Therefore, we have set the following guidelines in place.

If you experience any technical problems, take your iPad to the Student Helpdesk in the Media Center. If it cannot be fixed at that time, a loaner iPad may be issued to you (if available). All iPad policy agreements remain in effect for the loaner iPad. If your iPad is stolen or damaged by another party, please report it to the office immediately. Your claim will be investigated further by the school district and/or the appropriate law enforcement agency.

Accidental damage causing the iPad to be unusable is the responsibility of the parent/guardian unless they have paid for the Technology Protection Plan.

NON-DISCRIMINATION, INTIMIDATION & HARASSMENT

The Board of Education of the Hilliard City School District recognizes that, in order to create an environment conducive to learning and to best facilitate the learning process, all students, regardless of their race, color, ancestry, national origin, or religion, have the right to an education in an atmosphere free of all forms of disparagement and intimidation. The Board further recognizes that certain acts against persons or groups because of a person's or group's race, color, ancestry, religion, or national origin, for the purpose of inciting and provoking bodily injury, intimidation, or harassment, poses a threat to the order and safety of our schools and has a negative effect on the learning environment in the schools.

Ethnic intimidation is the harassment or intimidation of a person or group through the use of racial or religious slurs, items of apparel, profanity, denigrating racial or religious remarks, obscene gestures, and other conduct of this type. Other forms of ethnic intimidation might be fighting, vandalism, or threats and would be punishable under one or more sections of the Code of Conduct.

This policy of the Board of Education is subject to enforcement and or disciplinary action:

1. On any property owned, leased by, or under the control of the Board of Education, including vehicles used for the transportation of students.
2. At any school-sponsored or sanctioned activity or event away from or within the district.

Disciplinary Actions

Violations of this policy will be cumulative over the course of the school year and punishment shall, most ordinarily, be administered as follows:

First Offense

- a. Parents will be notified and the student will be removed from school, by the parents, for the remainder of the day.
- b. The student will be assigned an out of school suspension.

STUDENT CONDUCT

Second Offense

- a. Parents will be notified and the student will be removed from school, by the parents, for the remainder of the day.
- b. The student will be assigned a longer period of out of school suspension.

Third Offense

- b. The student will be assigned a ten (10) day out-of-school suspension and may be recommended for expulsion.

School administrator has the right to move to third offense discipline when situation dictates.

Unless otherwise noted in the individual section, the above code shall be applicable to any conduct: on school grounds, during and immediately before or after school hours; on school grounds at any other time when the school is being used by a group; off school grounds at a school sponsored activity, function or event; on a school bus or conveyance; or at any other time when the student is subject to the authority of the school.

Any action judged by school officials to involve misconduct and not specifically mentioned in other sections may be dealt with as insubordination.

PARKING REGULATIONS AND PROCEDURES

The Hilliard Board of Education has adopted procedures (Policy JHFD), regarding student driving and parking.

In the event that the number of requests for parking spaces exceeds the number of spaces available, a lottery system may be implemented to provide an equitable distribution of parking spaces to eligible drivers.

You may NOT purchase a parking permit if you have any outstanding fees.

1. The student or parent must register the car with the school principal and parents must assume full responsibility for their son/daughter on the way to and from school. Students must have a valid Ohio Driver's License in order to drive to school.
2. School officials retain the right to examine the contents and/or search a car parked on school premises when they have a reasonable belief that items contained in the car may interfere with the safe or effective operation of school.
3. Students must park their cars in a parking space on school property in the area designated for student parking. The faculty lot, band practice lot and visitor lot are off limits to students.
4. Students driving to school are required to purchase a student-parking permit. Permits may be purchased in the main office. The permits must be displayed on the vehicle as designated by the high school administration. Permit fees are as follows:
 - a. **Full year:** permits may only be purchased for the full year at a cost of \$36.00. If a student starts driving later in the year, the cost will be pro-rated on a quarterly basis. A pro-rated refund will be given if a student withdraws from school or stops driving.
 - b. **Daily:** students may purchase a daily general parking pass in the main office for a maximum of 3 days per school year. After 3 days, students must purchase a permanent pass.
 - c. **Replacement:** replacement cost for a lost sticker will be pro-rated based upon when the sticker was purchased. Senior stickers will be issued only once, and will be replaced with general parking stickers.

STUDENT CONDUCT

5. Students driving to school who have purchased permits are to have auto/motorcycle insurance and meet all other legal requirements. The high school or the Hilliard Board of Education is not responsible for the auto or its contents.
6. Cars found parked in non-designated areas without a proper parking permit or the permission of the building principal will be subject to the following:
 - a. Disciplinary action such as Saturday/Wednesday School or suspension
 - b. Suspension or revocation of parking privileges
 - c. Towing at owner's expense
7. No student is permitted to use his/her vehicle during the school day, with the exception of work-study and approved early dismissal students without the permission of the building principal.
8. Any vehicle driven to and from school by a student must be operated in a safe, sane and legal manner. Students who jeopardize life and/or property through careless or illegal operation will lose their driving privileges. Students who continue to drive after privileges have been revoked may be immediately suspended from school.
9. Students may not exceed the posted 10 M.P.H. speed limit.
10. Parking privileges, Renaissance discounts and stickers are non-transferable. Renaissance discounts are only valid during the semester that the Renaissance card is in force.
11. All school rules also apply in the parking lot, as well as inside vehicles on school property.
12. All students must produce school identification or a driver's license when asked to do so by school officials or the School Resource Officer.
13. Loss of Driving Privileges
 - a. Excessive absenteeism Withdrawal from school
 - b. Substance abuse offenses
 - c. Reckless driving
14. Hilliard Clerk of Courts has informed Hilliard City Schools that there will be \$100.00 fine for parking in a handicapped zone.

When dealing with student absenteeism, withdrawal, or drug/alcohol abuse, the administration may employ a variety of student management techniques. These include the suspension of the temporary permit or operator's license or denial of the opportunity to obtain such a permit or license of a student until the student becomes eighteen (18), returns to school, receives a General Education Development Certificate (GED), or the privileges are otherwise reinstated.

PROCEDURE FOR CHANNELING COMPLAINTS/APPEALS

We believe it is in the best interest of the child to have complaints or concerns resolved early and among those most directly affected. Parents and teachers working together in a cooperative and supportive manner lead to the best solutions. With this belief in mind the following procedure for resolving complaints is established:

1. Request an appointment with the teacher(s) or counselor to discuss the concern or complaint. It is reasonable to expect that discussion to occur at an early, mutually agreed upon time. At the end of the discussion the teacher or counselor will provide an oral response. A written response may be requested and if so will be provided within three school days unless otherwise mutually agreed upon.

STUDENT CONDUCT

2. If the response at step one is considered unsatisfactory, the parent may refer the complaint to the building principal. Again the parent may expect a prompt appointment to discuss the issue. The principal may request that the issue be presented in writing as well as orally. After a reasonable time to investigate the issue, the principal will provide the parent an oral response and, upon request, a written response.
3. Matters that remain unresolved at the building level may be referred to the **Superintendent's office where the concern will be referred Superintendent/designee, who may handle the complaint personally or refer it** to the appropriate central office administrator. The concern may be discussed by phone or an appointment may be set to discuss the matter. The central office administrator will review the concern with the parent and, if necessary, with other involved parties.
- ~~4. If the complaint remains unresolved after the response of the central office administrator, the matter may be referred to the Superintendent who will meet with the parent to discuss the complaint. The Superintendent will also review the responses made earlier. The superintendent will inform the parent of his/her findings in writing at the earliest opportunity and share that response with other involved parties.~~
5. If the parent remains dissatisfied, he/she may address the complaint and the relief sought, in writing, to the Board of Education. The Board, upon receipt of the complaint, at its next regular meeting, will review the complaint and render a decision as to whether to grant the relief requested, to deny relief, or to refer the matter elsewhere within the school district for further study and recommendation. The Board's decision will be shared with all parties involved. Discussion of the concern may take place in executive session.

SCHOOL BUS CONDUCT

Once a student boards a school bus, he/she comes under the authority of school officials. The driver of a school bus carries a heavy burden of responsibility for the lives of boys and girls—his/her passengers. He/she must give full attention to driving while students are in transit.

In order to do this, the following rules must be followed by students:

1. Railroad Crossing—Be quiet. Do not talk when the bus is approaching a railroad crossing or highway intersection.
2. Seats—Drivers will assign seats and have a seating chart with them. Students must remain seated in assigned seats.
3. Windows—Keep hands, heads, books, and miscellaneous objects inside the bus, never outside the windows. Windows are to be opened with approval of the driver only.
4. Eating—Eating on the bus is not permitted. Exceptions may be made only with the approval of the superintendent or his/her designee.
5. Quiet—Talk quietly; no yelling inside the bus or out the window.
6. Bus Stops—Wait until the bus stops and the driver gives the signal for crossing before leaving the residence side to board the bus.
7. Crossing—Cross in front of the bus ONLY, approximately ten feet in front of the bus.
8. Time—Students shall be at designated pick-ups on time in the morning and in the evenings when school is dismissed. Students wait for buses—buses do not wait for students.
9. Carry on Items—Generally, items too large to fit under a passenger seat shall not be permitted on a school bus if, in the judgment of the driver, such objects would interfere.
10. Littering—Littering a school bus shall not be permitted.
11. Unauthorized Passengers—Unauthorized passengers shall not be transported on a school bus.
"Unauthorized" refers to non-school children and adults not approved by the principal or superintendent.

STUDENT CONDUCT

12. Unauthorized Entering or Leaving—Students shall not be permitted to enter or leave the bus at other than their regular stop, unless written permission is given by the parents and approved by the building principal. Students must remain on the bus from the time of boarding until the approved place of departure.
13. Students are to be at designated bus stops prior to arrival time of bus.

The following rules are considered absolutely vital to the safe operation of the school bus. Violations of these rules shall be considered a major breach of conduct and shall most ordinarily result in denial of the transportation privilege and suspension or expulsion from school.

1. Fighting: Fighting shall not be permitted.
2. Throwing Objects: Do not throw objects inside the bus or out the bus windows.
3. Profanity and Smoking: The use of profanity or smoking while on the bus is not permitted.
4. Firearms: Firearms are absolutely prohibited on a school bus.
5. Tampering with the Emergency Door: This shall not be permitted.
6. Other misconduct and behavior, as listed in policy JGD/JGE, Student Suspension/Expulsion.

Electronic Devices and Cellular Phones for School Buses:

Personal cell phones and other electronic devices may be used in the bus for their technological advantages. Cell phones should be turned off and kept secure in back packs when not being used. The school district is not responsible for the loss or damage of cell phones or personal electronic devices if parents elect to have their child bring one to school.

Any phone or electronic device will be subject to confiscation if it creates a disruption. A student using an electronic device which creates a disruption or refusing to follow a reasonable request from any staff member pertaining to the phone or device may be subject to disciplinary action. Staff will be the final judge of the appropriateness of their use. **Using a cellular phone or an electronic device to film/record/take pictures of any student or staff member is prohibited.**

SEARCHES AND INTERROGATIONS

Interrogation of Students by Law Enforcement Officers Officials: Whenever possible, **police officers law enforcement officials** should contact and/or question students out of school. When it is absolutely necessary for an officer to make a school contact with a student, the school authorities **will** bring the student to a private room and the contact is made out of the sight of others as much as possible.

Search and Seizure: Search for dangerous or illegal items or evidence of a violation of the law or school rules is a proper means of protecting the interests of students, parents, and employees of the school district. **Building Administrators and teachers shall be authorized are permitted** to conduct searches when there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or the rules of the School District. The measures adopted for the search will be reasonably related to the objectives of the search and will not be excessively intrusive in light of the age and sex of the student and the nature of the infraction. **Building administrators are also permitted to search any unattended bag for safety and identification purposes.** The School Resource Officer may serve as a witness for searches.

Lockers are the property of the Board of Education. Lockers and the content of all lockers are subject to random search at any time without regard to whether there is a reasonable suspicion that any locker or its contents contains evidence of a violation of a criminal statute or a school rule.

STUDENT CONDUCT

SUSPENSIONS (BOARD OF EDUCATION POLICY)

Unless specified elsewhere in policy or regulations, a principal, or his/her designee may decide whether a suspension shall be in school, out-of-school, or be a combination of both. Such a decision shall be based on such factors as gravity of the offense, previous record, and best interests of the total school community.

- A. **In-School Suspension (ISS)** - When a student is assigned an in-school suspension, he/she will be assigned to a specific location within a school to which that student must report for the regular school day hours. Additional restrictions pertaining to rest room use and lunch facilities may occur during such a suspension. Provision shall be made for students to stay current for all class work missed. The student will receive credit for in-school suspension if assignments are completed satisfactorily. Students ~~are~~ **may not be** permitted to participate in any school activities during the period of suspension.

RULES FOR ISS (In-School Suspension)

1. Students will report to the designated area by the start of the school day. A student who arrives late will not be admitted. The student may be sent home.
2. Students should bring all the books and study materials needed to the ISS. Students will not be allowed to go to the lockers.
3. Students must bring a bag lunch to ISS. Milk and/or a sack lunch may be ordered from the cafeteria, if needed. No food may be ordered or brought in.
4. All students, regardless of school program, i.e., zero-period, must remain in ISS the entire day.
5. Students will have two escorted restroom breaks.
6. Students may not talk, or sleep, or put their heads down on the desks.
7. Students must complete all of their work for the day or they will not be released.
8. Students may not have games, playing cards, electronic games, radios, or tape/CD players.
9. A student who needs to take a prescription medication during the ISS assignment must notify the ISS supervisor. The student must turn in the medication to the ISS supervisor, along with a signed note from the parent about how to use the medicine.
10. Students must stay in ISS all day, and may not participate in other school activities before, during, or after the school day.
11. In addition to these rules, all school rules and policies apply to students in ISS. The supervisor may establish additional rules to maintain an environment conducive to study.

Violation of an ISS rule will result in additional ISS time or an out-of-school suspension. An Unexcused Absence from ISS will result in an out-of-school suspension.

- B. **Out-of-School Suspension** - A student assigned an out-of-school suspension may not be on school grounds during the period of suspension. This precludes his/her participation in any school activities during the period of suspension. Provisions will be made to allow students to make up work to keep current; however, credit will not be given. Exceptions may be made at the discretion of the principal involved.
- C. **Student Suspension/Expulsion Appeals Board Policy JGD/JGE** - A student remains suspended or expelled for the duration of the suspension or expulsion or until action is taken on any appeal. In-School Suspensions may not be appealed per Board of Education policy JGD.

Any request for an appeal of a suspension or expulsion must be made within **twenty-four hours three (3) school days** after receipt of the suspension/expulsion notice **to the superintendent of schools**

Any appeal hearing must be scheduled within one week of the date of the suspension/expulsion, unless the superintendent grants an extension of time at the request of the student and/or his parent or guardian.

ACADEMIC/GRADUATION INFORMATION

ADVANCED PLACEMENT (AP) COURSES

The Advanced Placement Program (AP) offers college level courses in various disciplines with the primary aim of preparing a student to master college level material while in a secondary school environment. AP offers a learning experience which is more challenging and requires more work and time than typical high school/college preparatory/honors courses.

The AP Exam is an option for students who wish to earn articulated college credit in the respective AP courses. The Exams are administered in May on national test dates established by the College Board. Scores range from 1 (lowest) to 5 (highest). The determination of an acceptable score, placement and whether or not credit is awarded is at the discretion of the receiving college/university. Regardless, the challenges of learning, preparing for, and taking the exam remain among the best experiences in preparing for college level learning.

The fee for the AP exam is approximately \$93. In some cases (i.e., free/reduced lunch participants, hardship, etc.) partial fee waivers are possible. Students with learning disabilities may request extended time or special accommodations by filing paperwork with College Board at least two months prior to the exams.

In recognition of the challenges, higher expectations and requirements of AP courses, one additional point is awarded for each letter grade; i.e., A = 5.0, B = 4.0, C = 3.0, D = 2.0 in the grading scale. (The additional point will be awarded only after completion of the entire course.) Students should obtain a complete understanding of the expectations and requirements of any AP course scheduled.

Students who wish to enroll in AP courses and their parents will be asked to attend a meeting regarding course requirements.

Current AP courses* offered include:

***All AP courses may not
be offered at every
district high school.**

AUDITING A COURSE

Students may audit a course, with principal approval, to improve their skills. The student must attend all classes, participate in all classroom activities, take all tests and quizzes, complete all homework assignments, and follow all teacher guidelines regarding classroom rules and behavior. The student will receive a grade on their report card each grading period, however it will be reflected on the transcript as an audit without credit or a grade, and a grade will not be averaged into the cumulative grade point average. Students must make arrangements for auditing a class during the first ten (10) school days. After that time, teacher recommendation and prior approval are required. Audited courses do not count as one of the five courses all students are required to take each semester.

ACADEMIC/GRADUATION INFORMATION

ATHLETIC ELIGIBILITY

The District adheres to the Ohio High School Athletic Association for eligibility to participate in athletics. In order to be eligible, a high school student **must have passed five courses** during the prior grading period. The five courses may be a combination of high school and college courses. **PE Physical Education and Fitness for Life Senior Capstone do not count** as 1 of the 5. **This includes the nine weeks before the sport begins.**

If you are unsure about your eligibility, please talk to your coach, the athletic department or your school counselor.

CAREER ADVISING

The Board views career advising as helping students understand themselves relative to their abilities, aptitudes, interests, attitudes, strengths and limitations. This process is meant to assist students in the development of their potential and their decisions relating to educational and career matters.

The District will:

1. Provide students with grade-level examples linking schoolwork to one or more career field(s) through use of the State Board adopted career connections.
2. Create a plan to provide career advising to students in grades six through 12.
3. Provide additional interventions and career advising for students who are identified as at risk of dropping out of school using both research- and locally-based methods developed with input from classroom teachers and guidance counselors.
4. Train employees on advising students on career pathways, including the use of online tools.
5. Develop multiple, clear academic pathways students can use to earn a high school diploma.
6. Identify and publicize courses in which students can earn both traditional academic and career-technical credit.
7. Document career advising provided to each student.
8. Prepare students for their transition from high school to their postsecondary destinations.

COLLEGE CREDIT PLUS

College Credit Plus is a program that gives students in grades 7 – 12 an opportunity to be enrolled in both high school and college course work at the same time. Students must qualify academically and the tuition will be at a reduced rate. College Credit Plus replaces Ohio's Post-Secondary Enrollment Options program (PSEO) and all dual enrollment programs. The Hilliard City School District has College Credit Plus agreements with several colleges and universities. These agreements allow students to earn both high school and college credit in several different departments and courses.

Students who wish to participate in College Credit Plus courses must be strongly motivated and should have demonstrated success in the subject areas they wish to pursue. Since these are "college classes" the content is demanding and readiness and willingness to work hard are essential for success.

Admission criteria into College Credit Plus courses vary depending on the college/university offering the credit. Students must meet eligibility requirements and may have to pay designated fees to participate at any private institution.

The College Credit Plus program requires that students indicate to school officials their intent to participate by April 1st. Failure to do so will make them ineligible to participate without the permission of the district superintendent. Intent forms are available through the guidance office, the district college counselor, or at the College Credit Plus Information meeting traditionally conducted in February.

ACADEMIC/GRADUATION INFORMATION

College Credit Plus courses associated with the KAP program through Kenyon College; the College Jumpstart program through Columbus State Community College and the Academy Program through The Ohio State University are weighted on a 5.0 scale (i.e., one additional point is awarded for each letter grade: A = 5.0, B = 4.0, C = 3.0 and D—2.0 in the grading scale).

For more information about college credit opportunities, contact your school's guidance department.

COMMENCEMENT ELIGIBILITY

Students participating in commencement exercises must exhibit all eligibility requirements listed under Board Policy IKFB. The administration reserves the right and responsibility to administer Board of Education requirements.

CORRESPONDENCE COURSE

Recognizing that systematic instruction by mail or electronic media between a pupil and instructor is sometimes desirable, students may be permitted to participate in correspondence study with the following guidelines:

1. Total costs of correspondence study will be the student's/parent's responsibility.
2. The course must be selected from a district-approved list.
3. The ultimate responsibility for the timely completion of the correspondence course rests with the student.
4. Class placement and graduation are dependent on the timely receipt of grade(s). This is the responsibility of the student. Course should be completed by May 10th.
5. Only a final grade is recorded for a Correspondence Course. Correspondence course grades will not be factored into the student's grade point average until course work is completed and posted. Correspondence Course grades will not show on the report card; however, the final grade will appear on the student's transcript.

CREDIT FLEXIBILITY

In compliance with Senate Bill 311, the Hilliard City School District will offer students the opportunity to earn high school credit(s) through a credit flexibility program beginning with the 2010-2011 school year. "Credit flex" shifts the focus from evaluating student learning based on "seat time" to assessing students' demonstrated academic and skill level or performance.

With "Credit Flex," students will have options to show what they know, earn credit(s), and move on to higher-order content. Students can choose to customize aspects of their learning around their interests and needs, which might include flexible schedules and a choice of modalities (e.g., online learning and community-based projects), as well as options to pursue niche interest areas and combine subjects.

Students interested in learning more about credit flexibility options should contact their guidance counselor for details.

It is important to note that there are specific guidelines and timelines that have been established and must be followed in order to be considered for participation in the Hilliard City Schools' credit flexibility program.

ACADEMIC/GRADUATION INFORMATION

EARLY GRADUATION

To be considered for early graduation, the application form **must** be turned in to the respective guidance counselor **a minimum of nine months prior to the completion of all coursework**.

- A. Procedure for applying for **permission** to graduate early:
1. Student receives application from guidance counselor.
 2. Completed application must be signed by parent, listing reasons for request. Completed application is returned to counselor.
 3. Counselor will verify that the student has a minimum 2.75 accumulative average.
 4. Counselor will send the application to the principal and schedule a parent meeting.
 5. If approved, the principal will send approved application to the superintendent for final approval.
 6. If criteria in 1-5 are not met, principal has discretion to make the final decision.
- B. Students who have declared their intent to graduate early prior to the start of their third year of high school and who have earned at least 15 credits will be considered members of the senior class for class rank and senior **academic** privileges. Students may choose to walk with the new graduation class.

At semester, the counselor will verify with the student and his/her parent that the early graduate does plan to graduate during the current year.

ELEMENTARY AND SECONDARY EDUCATION ACT (ESEA) NOTIFICATION

As a parent of a student in the Hilliard City School District, you have the right to know the professional qualifications of the classroom teachers who instruct your child. Specifically, you have the right to know whether your child's teacher has been licensed or certified by the Ohio Department of Education for the grades and/or subjects he or she teaches or if the Ohio Department of Education has decided that the teacher can teach in a classroom without being licensed or qualified under state regulations because of special circumstances. You also can request such information as the teacher's college major; whether the teacher has any advanced degrees, and if so, the subject(s) of the degrees. You may also ask if any teachers' aides or similar paraprofessionals who provide services to your child have the proper qualifications. The Director of Human Resources is your contact for information.

EVALUATING STUDENT PROGRESS

Evaluation of student progress is an essential task of every classroom teacher. Evaluation marks serve as a written record to inform others of the student's progress in each course. Records follow the student if he/she transfers to another school and are frequently used by colleges and employers for reference. The grading marks are important and permanent. It is essential that the student understands how each teacher will determine the grade. The marks must be calculated in a fair manner, which is applicable to all students.

Grade Scale for All Students:	A+ 100-98	B+ 89.9-88	C+ 79.9-78	D+ 69.9-68	F 59.9-50
	A 97.9-93	B 87.9-83	C 77.9-73	D 67.9-63	
	A- 92.9-90	B- 82.9-80	C- 72.9-70	D- 62.9-60	

In recognition of the challenges, higher expectations and requirements of:

- AP and College Credit Plus courses, one additional point is awarded for each letter grade; i.e., A = 5.0, B = 4.0, C = 3.0, D—2.0 in the grading scale.
- Honors courses, .5 additional point is awarded for each letter grade; i.e., A = 4.5, B = 3.5, C = 2.5, D—1.5 in the grading scale.

ACADEMIC/GRADUATION INFORMATION

GIFTED NOTIFICATION

The Hilliard City School District accepts referrals for potentially gifted students from parents, teachers, qualified professionals, and members of the community, as well as from students who self-refer. In addition, existing data from a wide variety of sources are examined in an effort to locate students who can be identified without further assessment, as well as those for whom additional data is needed. The data review and referral processes are created to ensure the work and behavioral characteristics of all students are reviewed and considered in a fair and equitable manner. Further information is available from the Gifted Services department, your building principal or designee, and the Hilliard City Schools website (select gifted services department).

GRADE OPTION FOR ENGLISH LANGUAGE LEARNERS (ELL) & FOREIGN EXCHANGE STUDENTS

A foreign exchange student or ELL student can receive the grade that they earn in a particular course if that grade is an A, B, or C. If the student would be assigned a D or F grade, the teacher could instead designate a P/F (pass/fail) option. Once the teacher and student agreed that the P/F option was no longer needed, the student would receive the letter grade they were earning. (C to A).

GRADE LEVEL PROMOTION

The minimum student load is 5 1/4 credits for 9th graders and 5 credits for 10th, 11th & 12th graders. You must exceed minimum load in order to meet graduation requirements. Students are not permitted more than two study halls per semester. Students are promoted to the next grade level upon completion of the following minimum credit requirements:

- 9th = satisfactory completion of 8th grade
- 10th = completion of 4 credits
- 11th = completion of 9 credits
- 12th = completion of 15 credits

These guidelines should be viewed as minimum. Usually a student will have earned more credits than are needed for promotion.

To be promoted to the next higher grade, a student in grades nine through twelve must meet above credit requirements. A student in grades nine through twelve, who fails a subject for the year, shall not receive credit for that subject and may be required to repeat the subject for proper credit. A student who fails a subject the second semester may fail the subject for the entire year, regardless of the first semester grade.

INCOMPLETE GRADE POLICY

A student with an excused absence who has not made up work during a nine-weeks grading period is to receive an Incomplete on his/her grade card. Failure to make up work in the specified time (see Excused Absence Policy) could result in a zero being given for all missed work and the nine weeks grade changed from an Incomplete to the appropriate letter grade or the grade could remain as an Incomplete. A student must comply with the course requirements to receive credit. Failure to do so will result in an incomplete grade for the course and no credit being given regardless of the point average. **It is imperative that the teacher communicates this information to students at the beginning of the course.** Teachers are to inform the principal of their requirements early in the semester.

A student who is truant or unexcused for his/her semester exam may receive an Incomplete for the course. Incomplete grades on the grade card are calculated as "F" in the G.P.A.

ACADEMIC/GRADUATION INFORMATION

INDEPENDENT STUDY

Recognizing that learning situations must be organized in such a fashion as to influence the ebb and flow of student interests, the Independent Study may be offered to the student who is willing to abide by the following:

- ~~1. The student must be a "full time" student (carrying five (5) academic credits). An Independent Study **does not** count as a fifth credit.~~
- ~~2 1.~~ The student must be able and willing to work **independently** of the classroom teacher.
- ~~3 2.~~ The student will arrange with a sponsoring teacher a mutually agreeable number of conferences for organizing, planning, and evaluating the Independent Study.
- ~~4 3.~~ The student will meet all teacher requirements, guidelines and deadlines for an Independent Study.
- ~~5 4.~~ The building principal will certify that the study has been completed satisfactorily and will award all credit for the study. (This will be done in concert with the sponsoring teacher.)
- ~~6 5.~~ **Only a final grade is recorded for an Independent Study. Independent Study grades will not be factored into the student's grade point average until course work is completed and posted. Independent Study grades will not show on the report card; however, the final grade will appear on the student's transcript. Independent Study grades will be posted each 9 weeks.**
- ~~7 6.~~ Any fees required for the course will be paid by the student and/or parent.
- ~~8 7.~~ **This Independent Study is to be completed by a date established by the principal or his/her designee.**
- 8. The teacher is required to submit a letter grade each 9-week grading period as well as a final grade for completion.**
- 9. Paperwork must be finalized by the last day of school in September for a 1st semester (.25/.5 credit) or year-long (1.0 credit) course, OR the last school day in January for a 2nd semester course (.5 credit).**

NATIONAL HONOR SOCIETY

All juniors and seniors who have a 3.75 accumulative grade average are eligible for consideration. These academically eligible candidates are notified and asked to submit an application with information on their school and community activities, their leadership roles, and honors and recognition they have received. This requested information must be submitted by a specified deadline for the candidate to be given further consideration. Teachers evaluate these candidates on leadership, willingness to serve, and character traits they exhibit in class and extracurricular activities. A Faculty Council of five (5) teachers reviews information submitted by the candidates and teachers to determine which candidates meet the National Honor Society criteria of service, leadership, and character. The Faculty Council selects students who have consistently high evaluations from their teachers, who have demonstrated service to the school and to the community through a considerable commitment of time and active involvement in several extracurricular activities, who show leadership in class and out, and who are positive role models for their peers. The Chapter Advisor regularly reviews the records of chapter members to see that high standards are maintained. The dismissal process follows the policy recommended by the national organization and that of Hilliard City Schools.

OHIO CORE OPT OUT

The District offers students entering the ninth grade on or after July 1, 2010, and before July 1, 2016, the ability to opt out of the Ohio Core Curriculum in compliance with Board policy and regulations and all procedural requirements stipulated by the school.

ACADEMIC/GRADUATION INFORMATION

OHIO GRADUATION TEST (O.G.T.)

~~(first administered in grade 10 — if a student has obtained sophomore status — 4 or more credits earned).~~

~~Students must pass all five parts of the Ohio Graduation Test (reading, writing, mathematics, citizenship, and science) to receive a diploma.~~

~~**NOTE:** For those students (Class of 2007 and beyond) who do not pass one section of the OGT, there is an alternative pathway for receiving a diploma:~~

- ~~1. Pass 4 of 5 tests~~
- ~~2. Miss “proficient” score by 10 points or fewer on the failed test~~
- ~~3. Maintain 97% attendance, no expulsion~~
- ~~4. Earn 2.5 GPA in courses of test not passed~~
- ~~5. Participate in intervention (as defined by state requirements)~~
- ~~6. Receive letters recommending graduation from principal and teachers~~

Current law requires students who first enrolled in grade 9 before July 1, 2014, to take and pass the Ohio Graduation Tests for high school graduation. Due to legislative changes, these are the last cohort of students who must pass all five parts of the Ohio Graduation Tests to receive high school diplomas. The Ohio Graduation Tests will *continue to be administered through 2022* for those who need to pass one or more parts to obtain a diploma.

PHYSICAL EDUCATION WAIVER

Students in grades 9-11 may be excused from the physical education course requirement by participating in **District-sponsored** interscholastic athletics, marching band, or cheerleading for at least two (2) athletic seasons during high school grades 9-11. Ohio Revised Code defines District-sponsored interscholastic athletics, marching band, or cheerleading as any high school athletic team, high school cheerleading squad, or high school marching band of the Hilliard City School District that participates in the District’s regular athletic season (s) and is operated under the supervision of a Board employee. Club activities and/or club sports are not considered part of District-sponsored athletics, marching band, or cheerleading.

High school students in grades 9-11 who meet this requirement will not be required to complete any physical education course as a condition to graduate. However, in order to be eligible for graduation, a high school student, who is excused from the high school physical education class requirement, must complete at least one (1) semester of instruction in another course of study. This semester of instruction must be separate from and in addition to all other courses of study and hours of instruction that are required to graduate. Students still need to earn a minimum of 21 credits to meet the graduation requirements.

A student must choose to meet their physical education requirement EITHER through the waiver OR through physical education classes (students may not use a combination of both).

A high school student who has not fulfilled his/her physical education requirement prior to the beginning of his/her senior year will be scheduled into physical education classes. Participation in District-sponsored interscholastic athletics, marching band, or cheerleading during the senior year cannot be used to fulfill the physical education graduation requirement.

A high school student who has earned physical education credit prior to the start of the 2009-2010 school year can finish the physical education requirement either through completion of another physical education course or through participation in two (2) athletic seasons. Participation in District-sponsored interscholastic athletics, marching band, or cheerleading seasons prior to the 2009-2010 school year cannot be used to fulfill the physical education requirement.

PROMOTION AND RETENTION OF STUDENTS GRADES K-12

The promotion of each student is determined individually. The decision to promote a student or to retain a student in a grade is made on the basis of the following factors. The teachers takes into consideration: reading level, mental ability, age, physical maturity, emotional and social development, social issues, home conditions and grade average.

Promotion procedures demand continuous analysis and study of the cumulative student case history records. Guidelines may include the following elements:

- A student receiving passing grades in the core courses is promoted.
- A student having failing grades in the core courses at the end of each year is evaluated by the teachers, guidance counselor and principal for placement.
- No conditional promotions are permitted
- A student having failing grades may be assigned to the next higher grade with discretion only with approval of the principal.
- No student having passing grades, "D" or above, throughout the year is failed.
- No student should be retained more than twice in the elementary grades.
- Documentary and anecdotal evidence should be available to justify retention.
- A student with failing grades during any academic term may be provided with intervention services.

Secondary Grades 6-12 Promotion & Retention

Students shall be promoted from one grade to the next higher grade when they have achieved the skills and/or knowledge necessary to accomplish the work in the next higher grade level.

In grades six, seven and eight, when a passing grade is attained in all subjects but one, a student shall be placed in the next higher grade. To be promoted to the next higher grade, a student in grades nine through twelve must meet the credit requirements established in policy.

A student in grades six, seven or eight who receives failing, incomplete or less than satisfactory marks in two or more subjects may be retained in that grade for the subsequent school year. A student in grades nine through twelve, who fails a subject for the year, shall not receive credit for that subject and may be required to repeat the subject for proper credit. A student who fails a subject the second semester may fail the subject for the entire year, regardless of the first semester grade.

Any student who is truant for more than 10% of the required attendance days of the current school year and has failed two or more of the required curriculum subject areas in the current grade is retained, unless the student's principal and the teachers of the failed subject areas agree that the student is academically prepared to be promoted to the next grade level.

ACADEMIC/GRADUATION INFORMATION

REPORT CARDS

Report cards are issued to students **within 10 school days after each nine-week grading period ends**. The following information appears on the card:

1. Letter grade, A-B-C-D-F, with plus and minus indicated
2. Days absent from each class
3. Days present—days absent, for the grading period
4. Teacher comments
5. Grade point average for the 9 weeks

TRANSCRIPTS

Requests for transcripts of high school grades are made through the guidance office. As a general rule, official transcripts will **only** be released and mailed directly to colleges/universities/scholarships/agencies by the guidance office. **The administrative fee for each transcript is \$2.00.** Please allow at least ten school days for processing of transcript **and** the application packet/secondary school report. To receive a transcript only, please allow three days. A parent must sign release forms, if the student is under 18.

REPEATING A COURSE

Students may repeat a course one time. The course information and the grade earned the first time remain on the transcript as part of the student's academic record. However, the grade that is earned the second time is the grade that is computed in the calculation of the grade point average. This means students will always receive the second grade earned. Credit is only awarded once for the course. A student may repeat, at most, two year-long courses or four semester courses in one school year.

1. A course and its prerequisite may not be taken at the same time.
2. A course may be repeated only once.
3. Grades from out of district sources and correspondence courses will not be accepted as replacement grades.
4. Hilliard Enrichment summer school coursework and Hilliard online coursework may be used as replacement grades.
5. The dropping of a course that is being repeated will be handled according to the same rules as all other courses.
6. There are some performing arts courses that are exempt from this rule, please consult the teacher of the course for specifics.

SEMESTER AND YEARLY AVERAGES

Although teachers are free to choose their own method for determining nine weeks' grades, semester and yearly averages shall be determined by using the following method:

- A. To determine the semester average, use the following formula:

$$50\% \times (\text{GE } \%) + 50\% \times (\text{GE } \%) = \text{Semester GE } \%$$

GE % = Grade Equivalent %

- B. To determine the yearly average, use the following formula:

Multiply each nine weeks' grade equivalent % by 25% (.25)

$$25\% \times (\text{GE } \%) + 25\% \times (\text{GE } \%) + 25\% \times (\text{GE } \%) + 25\% \times (\text{GE } \%) = \text{Yearly GE } \%$$

- C. If the student earned below 50% for a nine weeks grading period, the grade entered will be:

- 50% for the 1st and 3rd nine weeks
- The actual percentage earned for the 2nd and 4th nine weeks

ACADEMIC/GRADUATION INFORMATION

TOLLES CAREER & TECHNICAL CENTER

Tolles Career & Technical Center offers tuition-free career & technical programming to students who are interested in pursuing their education at a two- or four-year university; students interested in pursuing a career immediately after high school; or a combination of both. As Tolles is considered an extension of Hilliard City Schools, students are **expected required** to meet graduation requirements in order to graduate from their respective Hilliard high school. In addition to receiving their high school diploma, students who successfully complete a Tolles program will receive a Certificate of Completion and Career Passport from the Center.

Tolles offers a full range of college preparatory academics **and Spanish**. Tolles provides students with several opportunities to receive college credit through the **PSEO (for qualifying students) College Credit Plus** and articulation agreements. Our articulation agreements with several central Ohio two- and four-year colleges provide students with the opportunity to receive college credit for successful completion of certain programs. Many Tolles students continue their education at the post-secondary level, **receiving close to \$400,000 in college scholarships**.

Full-day and half-day options are available to students. Students may choose to take their academics at their home school or at Tolles. Transportation is provided to and from the Center.

Entrance Requirements—Admission requirements to attend Tolles Career & Technical Center include a minimum of eight (8) high school credits (including six core course requirements in English, Math, Science, and Social Studies). TITLE IX INFORMATION

~~(Provided for Parents & Students of Hilliard City School District)~~

No student shall, on the basis of sex, **gender, sexual orientation,** marital or parental status, pregnancy, race, color, **ethnicity,** national origin, religious belief, **economic status, military status, age,** or **handicap disability** be denied the opportunity to participate in, or obtain the benefits of any educational program offered by the Hilliard City School District.

A copy of the procedure by which a student (or his/her parent) may formally lodge a complaint of discrimination is available in the school office, the school library, and the office of the Superintendent.

To be certain that all non-discrimination policies and procedures are administered properly, the Board of Education has appointed Assistant Superintendent, Leslie McNaughton, to act as **the District's compliance officer/civil rights** coordinator of such policies and procedures. Concerns or questions may be directed to her office at 2140 Atlas Street, Columbus Ohio, 43228, telephone (614) 921-7000.
