

Additional Competency Name:
Global empathy
All the literacies are assumed to stay in the Curriculum and valued.
Mental Wellness
I feel like some of these overlap some or could be combined. For example Confidence and Perseverance
Mental Health Awareness
Mental Health and Wellness
Emotional Intelligence/Mental Health
mental health awareness
health/wellness
Discourse
Service/ volunteering/social justice and advocating for others :)
Proficient in reading
Universal Wellness
Mental Wellness
How to handle failure in a healthy manner. What key learning can you take from a misstep that happens and see how it happens to everyone.
Another angle on empathy is to appreciate your strengths and value others may not have the same strength. One isn't better than the other one. Allow students to find out what their strengths are and how they can leverage them to
Compassion or Respect over Empathy
Graphic Idea: All the schools in the HCSD have a cat type mascot. If we put competencies in either the paw pads or around the paw over the seal of Ohio.
Over all well being
Accepting criticism constructively Taking failure as a step to success - not being so disheartened by failure
Agency
Mental Wellness
Social and emotional awareness
Mental health/wellness
Emotional intelligence / mental health
Social Intelligence
Not sure what name. But connecting to nature, beyond a sense of responsibility. But the more spiritual and immersive connection to nature and experiential learning.
