HOME ACCESS CENTER

Welcome to Hilliard City School District's Home Access Center. In keeping with the Hilliard City School District's commitment to further communications between home and school, we are pleased to offer the Parents/Guardians of our students' access to student related information, including contacts, registration, schedule, and attendance data, via a web-based program called Home Access Center (HAC).

Where do I find Home Access Center?

Home Access Center is available on the Internet at: <https://homeaccess.hboe.org> or, a link can be found on the Hilliard City Schools Website (www.hilliardschools.org) by clicking on the **Parents** tab.

How do I get my username and password?

If you are new to Hilliard City School District, your username and password for Home Access Center will be the same as the login information you provided on the enrollment form when you registered your child for school. (A follow-up email will be sent with this information.) If you currently have students in the district and are registering a new student, your Home Access login information will be what you currently use to get into Home Access Center. Access for non-custodial parents or shared parents can be attained by contacting your child's school. *Students registered for the upcoming school year will be active in Home Access by July 15th.*

What information is available to me?

Student Information Available in Home Access Center (*Grades 6-12 only):
