Business Advisory Council to the Board

The Board is required to appoint a Business Advisory Council (BAC) in accordance with ORC 3313.82, ORC 3313.821, and applicable law. Because the Board has entered into an agreement to receive services from the ESC of Central Ohio ("ESC") under R.C. 3313.843 or R.C. 3313.845, the Board is eligible by law to appoint the ESC's BAC to serve on the Board's behalf.

Accordingly, the Board shall appoint the ESC's BAC to serve as the Board's BAC. The Board shall enter into an agreement with the ESC outlining the scope of this appointment and identifying the manner in which the District shall participate in the matters of the BAC. The Superintendent, Treasurer, and all other appropriate administrators shall respond as is appropriate to requests from the BAC for assistance. The Superintendent, or designee, shall attend BAC meetings regularly, and shall keep the Board apprised of any recommendations and advice provided by the BAC.

Additionally, the Superintendent, or designee, shall act as a liaison to the BAC on behalf of the Board, providing information to the BAC or soliciting recommendations from the BAC as the Board may deem appropriate, and within the parameters set forth by law.

Meetings of the Business Advisory Council to the Board fall under the auspices of the Open Meetings Act (Sunshine Law).

Emergency Management and Safety Plans

The Board acknowledges that the safety and well-being of students and staff are high priorities. Although emergencies cannot be predicted, effective prevention and management strategies are used to minimize the effects of emergency situations arising in the District.

An emergency is defined as a serious, unexpected, and often dangerous situation requiring immediate action that threatens the actual safety and security of students, employees or visitors of the District or whose impact threatens the feeling of safety and security, both of which are detrimental to a positive learning environment. Emergencies or hazards include, but are not limited to, an active shooter, hostage situations, bomb threats, bullying, fire, natural disasters, medical emergencies, industrial accidents, suicide, death of a student or employee, acts of violence, trauma and terrorism.

Comprehensive Emergency Management Plan and Test

The Superintendent/designee develops a comprehensive emergency management plan meeting State law requirements for each building. The plan establishes protocols for addressing and responding to serious threats to the safety of the school property, students, staff, volunteers and visitors. Each protocol includes procedures deemed appropriate by the Board or governing authority for responding to threats and emergency events including, but not limited to, notification of appropriate law enforcement personnel, calling upon specified emergency response personnel for assistance and informing parents of affected students. The plan includes a floor plan unique to each floor of the building, a site plan including all building property and surrounding property, **and an emergency contact sheet, a threat assessment plan, and a protocol for school threat assessment teams established under State law.** The plan is kept in a secure location and is not considered a public record.

A copy of each school building's current comprehensive emergency management plan is filed with the **Director of Public Safety, Ohio Department of Education**, the law enforcement agency that has jurisdiction over the school building and, upon request, the fire department and emergency medical service organization that serves the political subdivision in which the school building is located. The floor plan is used solely by first responders responding to an emergency in the building and is not a public record.

The administration reviews the plan annually, considering the most current information dealing with the subjects, as well as making relevant information about the plan known to the community. **The administration certifies the accuracy of the plan to the Director of Public Safety by July 1 annually.** When the comprehensive emergency management plan is used, assessment of the way the emergency was handled is completed by the Board and the administration. Suggestions for improvement, if necessary, are solicited from all stakeholders.

Although the plan is reviewed annually, State law requires the District's comprehensive emergency management plan to be updated every three years and whenever a major modification to an individual school building requires changes in that building's procedures or whenever information on the emergency contact information sheet changes.

An emergency management test is conducted annually in accordance with State law.

Emergency Drills

The Board directs the Superintendent/designee to conduct all drills required by State law. Drills provide both students and staff with practice in responding to emergency conditions should such conditions occur. Plans are posted in each classroom and other areas accessible to staff and students where required by law.

Personnel Policies Goals

The personnel employed by the Board are a very important resource for effectively conducting a quality educational program. The goals of the personnel program include:

1. developing and implementing those strategies and procedures for personnel recruitment, screening and selection which result in employing the best available candidates: those with the highest capabilities, strongest commitment to quality education and greatest probability of effectively implementing the educational program;
2. developing a general assignment strategy which makes the greatest contribution to the educational program, and using it as the primary basis for determining staff assignments;
3. providing positive programs of staff development designed to contribute both to improvement of the educational program and to each staff member's career development;
4. providing for a genuine team approach to education, including staff involvement in planning, decision making and evaluation; and
5. developing and using for personnel evaluation positive processes which contribute to the improvement of staff capabilities and assist in making employment decisions.

Board Pickup of Employee Contribution to Retirement System

For the purposes of this policy, the term "employee" will refer to leadership team members who contribute to STRS or SERS.

The total annual salary and salary per pay period for each employee shall be payable by the Board in two parts: 1) deferred salary and 2) cash salary. An employee's deferred salary shall be equal to that percentage of said employee's total annual salary or salary per pay period, which is required from time to time by the State Teachers' Retirement System (STRS) or the School Employees' Retirement System (SERS) to be paid as an employee's contribution by said employee and shall be paid by the Board to STRS or SERS on behalf of said employee as a "pickup" of the STRS or SERS employee contribution otherwise payable by said employee. An employee's cash salary shall be equal to said employee's total annual salary or salary per pay period less the amount of pickup for said employee and shall be payable, subject to applicable payroll deductions, to said employee. The Board's total combined expenditures for employee's total annual salaries otherwise payable under their contracts and applicable Board policies (including pickup amounts) and its employer contributions to STRS or SERS shall not be greater than the amounts it would have paid for those items had this provision not been in effect.

The Board shall compute and remit its employer contributions to STRS or SERS based upon total annual salary, including the "pickup." The Board shall report for federal and Ohio income tax purposes as an employee's gross income said employee's total annual salary less the amount of the "pickup." The Board shall report for municipal income tax purposes as an employee's gross income said employee's total annual salary including the amount of the "pickup." The Board shall compute income tax withholding based upon gross income as reported to the respective taxing authorities.

The pickup shall be included in the employee's total annual salary for the purpose of computing daily rate of pay, for determining paid salary adjustments to be made due to absence or for any other similar purposes.

The pickup shall apply to payroll in accordance with retirement system policies.

Professional and Certificated Staff Hiring

The Superintendent/designee determines the District's personnel needs and recommends to the Board properly certified, **or** licensed **or registered** candidates for employment. Through recruiting and evaluation procedures, the Superintendent/designee recruits and recommends to the Board the employment and retention of personnel.

It is the duty of the Superintendent/designee to see that persons nominated for employment in the schools meet all certification **/licensure/registration** requirements and the requirements of the Board for the type of position for which the nomination is made.

The following guidelines are used in the selection of personnel.

1. There is no unlawful discrimination in the hiring process.
2. The quality of instruction is enhanced by a staff with diverse backgrounds, educational preparation and previous experience. Concerted efforts are made to maintain a variation in the staff.
3. Interviewing and selection procedures ensure that the administrator who is directly responsible for the work of a staff member has an opportunity to aid in the selection process. The final recommendation to the Board is made by the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination **of a teacher** would create an unlawful interest in a public contract.
4. No candidate is hired without an interview and a criminal records check.
5. All candidates are considered on the basis of their merits, qualifications and the needs of the District. In each instance, the Superintendent/designee and others having a role in the selection process seek to recommend the best qualified applicant for the job.
6. All candidates for teaching positions must be properly certified or licensed.

While the Board may accept or reject a nomination, an appointment is valid only if made with the recommendation of the Superintendent or by another individual designated by the Board in the event that the Superintendent's nomination **of a teacher** would create an unlawful interest in a public contract. In the case of a rejection, it is the duty of the Superintendent to make another nomination.

Employment of Retired Administrators

The Board recognizes that recruiting and retaining properly certified or licensed administrative personnel has become increasingly difficult in Ohio's competitive marketplace. Therefore the Board will, under appropriate circumstances, offer to enter into administrative employment agreements with qualified retired administrators whenever practical and when such action appears to be in the best interests of the District. Retired administrators may be employed as administrators on a part-time or full-time basis.

For purposes of this policy, a "retired administrator" is an individual who has retired pursuant to STRS or SERS rules and regulations.

Rehiring of Retirees

If an employee is retiring and seeks re-employment in the same position, then public notice must be given 60 days prior to the date re-employment is to begin. The notice must state that the person is or will be retired and is seeking re-employment in the District. The notice must include the time, date and location of a public meeting, which must take place 15 to 30 days prior to employment.

Public Complaints About District Personnel

The following procedures are to ensure that a citizen's complaint is given attention and that the integrity of the educational program is upheld. 'Complaint' in this policy is restricted in meaning to that criticism of a particular employee by a citizen of the District, which includes or implies a demand for action by District authorities. If the complaint is related to a claim of sexual harassment, the District's Title IX sexual harassment grievance process will be followed. Other comments and suggestions are referred to appropriate personnel.

1. If a complaint comes first to the person against whom it is directed, he/she listens and may try to resolve the difficulty by explaining the background and educational purpose involved. If the complaint remains unsatisfied, the employee refers the complainant to the building principal or other immediate supervisor to have his/her views considered further. Whether the complaint terminates with the individual staff member involved or seems likely to go further, the staff member immediately informs his/her supervisor of the complaint.
2. If a complaint comes first to the principal or other supervisor of the person criticized, the principal or supervisor should make no commitments, admissions of guilt or threats. If the complaint involves a particular employee, the supervisor should, **when appropriate**, suggest a conference between the complainant and the employee criticized and should inform that employee immediately of the complaint. If the complainant has already met with the employee criticized and remains unsatisfied, the supervisor should invite the complainant to file the complaint in writing.
3. If a complaint comes first to any other school employee, that employee refers the complainant to the person criticized or to his/her immediate supervisor and immediately informs both.
4. No further action on the complaint should be taken unless the complainant submits the complaint in writing.
5. When a written complaint is received, the principal or other supervisor schedules a conference with the complainant, the person criticized and, if advisable, the department chairman or other personnel who, in the opinion of either the supervisor or the person criticized, could contribute to resolution of the problem.
6. If the complainant is not satisfied with the results of the conference above, he/she should then be referred to the Superintendent/designee, who may handle the complaint personally or refer it to other personnel, as he/she may see fit.
7. Should dissatisfaction remain after the above steps have been taken, the matter may be placed on the agenda for the next regularly scheduled Board meeting. The decision of the Board is communicated in writing to all interested persons.
