SUMMARY

The building and administrative staff listed above meet annually to review all student handbooks. All Board and District policies and procedures are updated as needed. Along with Board and District policies, the majority of revisions consist of grammatical/typographical errors, staff information, table of contents, school year dates, bell schedules and front cover pages. All student handbooks are available on the building and district websites. We also print a few copies of each handbook for students who do not have the means to access the website.

The following is a detailed list of revisions:
