It's the most important essay of your high schooler's life: the **COLLEGE ESSAY**. And it can make or break your teen's college applications.

Writer's Block Essay Camp

Even the highest GPA and ACT scores can be subverted by a poorly-written college essay. So give your rising senior the advantage with our Writer's Block Essay Camp.

Presented by **College Liftoff**, Ohio's premier college planning firm, the Writer's Block Essay Camp will take your teen from a blank page to an impressive, fully-executed college admissions essay in just one week.

It doesn't matter whether your teen loves or hates to write; the college admissions essay is different from all other writing assignments your teen has experienced up until now. College Liftoff's Writing Center staff (trained in The Ohio State University Writing Center) will create a collaborative writing environment and offer tips and techniques that will take your teen's writing from the high school to collegiate level.

Don't miss this opportunity to give your child the college application advantage!
