TECHNOLOGY CAMP
Where tech adventures await

CardinalHealth™

We are thrilled to launch a technology camp for girls, grades 6-12, focusing on coding and digital design.

Beginner | Intermediate | Advanced

Participants can choose from nine hands-on projects led by Cardinal Health employees, aimed at building confidence and interest in STEM. The camp will emphasize collaboration and problem-solving, preparing students to become future innovators in technology. We will provide an engaging environment for the girls to explore their potential and connect with peers, while envisioning a future in tech-driven careers.

April 25 - 26, 2025

The opinions, products, activities and/or services of this organization are neither sponsored nor endorsed by the school district.

Friday 5 - 7 p.m.
Saturday 8 a.m. - 5 p.m.

Cardinal Health main campus - 7000 Cardinal Place, Dublin OH

$20 enrollment fee* supports our philanthropic beneficiary:

cooltechgirls
