Class for 2nd/3rd grade:
TREASURE ISLAND
9:00 a.m.-10:30 a.m.

We've crash landed on a remote tropical island! No fear, we'll write about our adventures in journal entries, create stories from "lost objects" we find, and so much more. This isn't your ordinary sunny beach.

Class for 4th/5th grade:
CITY WRITERS
9:30 a.m.-11:30 a.m.

Let's build a city! Together, we will create a fictional city, elect a mayor, and populate it with interesting characters and places to write about. But watch out: something strange is brewing in the outskirts of town...

COMICS AND MORE!
12:00 p.m.-2:00 p.m.

Flex your imagination and learn how to put your own characters and stories into comics in this class. You will leave with a better understanding of pacing, characters, and story structure in your very own comic. No drawing experience necessary.

Class for 6th - 8th grade:
THE MYSTERY MACHINE
9:30 a.m.-11:30 a.m.

Do you love a good mystery? In this class, you'll figure out how to create a great detective story from suspicious suspects to puzzling crime scenes to red herrings. You just might need to put those skills to the test to solve an actual mystery, too. Dun dun duuuun

IT'S A LONG STORY
12:30 p.m.-2:30 p.m.

Whether you've already got an idea or need ideas, you will be building worlds, fleshing out characters, and solidifying story arcs for your very own book series. You will leave with the start of your first book and all the tools to keep going for as many books as you want.
